

On This Side Of The Sun

By Phat

SUGGESTION — Don't blame the telephone company if you can't get that instrument installed right now. They're scarce. One Villager suggested that a possible solution might be found if people who have extension phones, in their homes would turn in a few of them for the duration. The idea would also provide exercise, sprinting for the phone before the other party hung up. . . . One of my pet peeves is people who leave numbers for you to call, then call up everyone else in town, leaving just a busy signal for you. . . . They're almost as bad as people who leave a number and then go down town for the rest of the day.

PERSONAL — Out at my house we've been saving the new pennies for our first grand-child. We're not eligible yet, having no daughters -in-law but that's all right. At first it was slow work but now with the new pennies becoming more numerous the mason jars are filling up. Some bank is going to be very much put out, also irked, when I plunk down the first 1875 pennies and ask for a bond in the name of John or Jane Doe Graettinger. . . . Fellow I don't envy is the new husband of Mrs. Colin Kelly. It's going to be tough to live up to the standards set by her first husband.

MUSIC — One reason the old songs are proving so popular is that they recall memories to the listeners. They associate them with pleasant times in the past when they heard that tune before. But what kind of memories will "Pistol Packing Mama" recall in a decade or two—if they're still playing it then? . . . Earl Strebe of the Village's two theaters is doing a great public spirited service quietly. When it comes to aiding war projects he's always there. Last spring he practically assured the success of the "Buy a Bomber" drive by donating the use of the Plaza theater. This weekend the G. I.'s are putting on a two-day benefit at his house.

VILLAGE VARIETIES — Pity Joe Butler of the Safeway. He just can't get away from points. All week long he has them at the market. Then last Sunday, an estimated 1978 brown points on the hoof chased him when a bull calf resented his attempt to round it up and he got some more points when he encountered cactus sprinting from danger. . . . When a photographer from a national magazine wanted local color in some scenes he was shooting at the air base, he couldn't find a live Indian. So M-Sgt. George Goodale substituted, posing in a blanket and praying that there would be no sudden Tahquitz Twister.

THIS AND THAT — List among Signs of the Times: A sign at Cabazon announces "Cabazon Garage, Horses for Hire." . . . They'd better look out. After what the OPA did to gasoline coupons last week, they may rule that no horse can use more than three legs hereafter. . . . Speaking of gas—a man in Orange county rigged up his car to burn butane gas and drove to Oklahoma. Now he's trying to explain to his ration board. They say there's plenty of gasoline, it's tires that are scarce. If there's plenty of gasoline, how come the one gallon cut? . . . New city law will bar horseback riders from certain streets. They'd better make that read riding horseback on certain streets. Otherwise the police will have to arrest every bow-legged person they see on paved streets. . . . With Palm Springs styles it would be difficult to disguise bow-legs.

TROUBLE AHEAD — Fortune magazine conducted a survey of (Please Turn to Page 10)

Clean Up Rubbish Is Appeal of Fire Chief to Villagers

Clean up!
Get those rubbish piles off the streets and vacant lots.
Fire Chief Bill Leonosio this week appealed to Villagers and caretakers of absent Villagers' property, to keep lots and gutters clean and to remove all rubbish cleaned from lots and property, to the city dump.
Accumulated rubbish constitutes a dangerous fire hazard, Chief Leonosio said, and a carelessly tossed match or cigarette stub, may cause heavy damage.
At the end of the summer, the rubbish and palm fronds are like tinder and the threat is high, the chief said.

Quota in War Chest Drive Is \$25,000

School Childrer Marched to Safety in Cathedral City Fire

Dedicated to the GROWTH, DEVELOPMENT and CONSTANT IMPROVEMENT of AMERICA'S FOREMOST DESERT RESORT

Vol. XVII—No. 12

Friday, October 22, to Friday, October 29, 1943

Price Five Cents

War Chest Goal Here Is \$25,000

Opening Date,
Nov. 11, To Be
Public Holiday

With a tentative quota set at \$25,000 and the opening of the War Chest drive in Palm Springs scheduled for Nov. 11, things were humming this week at the War Chest headquarters, 311 South Palm Canyon drive, where Tom Holland, general chairman, was whipping plans into shape in a manner which augured well for the campaign.

PARADE IS PLANNED

Military authorities also have indicated their intention of co-operating and a parade of armed forces will celebrate the Armistice Day holiday and start the campaign off properly.

ALREADY STARTED

Several sizeable contributions have already been received by mail, Mr. Holland said, and a generous response to the mailed appeal sent out yesterday, is expected.

Quiz Program Will Feature Red Cross Meeting on Friday

Plans for the open meeting of the Palm Springs branch of the American Red Cross, to be held Oct. 29 at Frances S. Stevens school at 8 p. m., neared completion today and an interesting session is anticipated.

Philip L. Boyd, chairman of the local chapter, will preside and will introduce Mary Ellen Pangle, manager of the Riverside county Red Cross chapter, who will direct the program. Edith D'Eliscue, chairman of the chapter, will be present and address the group.

The program will be in the nature of a quiz program with chairmen of the different Red Cross committees here, on the stage and answering questions on local Red Cross work.

Vera Wilkinsen, field director of the Red Cross at Torney General hospital and C. L. Hughes, field director at the air base, will be present to describe the work done at these bases.

A large turn-out is expected.

Dean, Lipps, Again On Planning Board

William Dean and Thomas Lipps were reappointed to terms on the city planning commission Wednesday night, the terms extending to August 30, 1944.

City Acts To Accept U.S. Grant

City council Wednesday night heard details of the federal aid plan for the Field club when John R. E. Chaffey, who has been handling the details of the city's application, reviewed the history of the drive for federal aid and asked for city action to speed arrival of funds for the project.

City council, after discussing the project, adopted the resolutions required by the government to confirm the grant by a unanimous vote.

The matter of appointing a recreation director to take charge of the project was referred to the Boards and Commissions committee of the council. Councilman Frank W. Cutler is chairman of this committee and other members are Councilmen Philip L. Boyd and Eugene E. Theriault.

They will report back at the next meeting of city council.

Registration For Book 4 Runs Smoothly

With almost 4,000 Ration Book 4s given out at noon today, registration of Villagers for the new book was proceeding smoothly today at the Frances S. Stevens school here, the Cathedral City school and the Edom school. The 4,000 figure applied just to Palm Springs.

With Miss Katherine Finchy, superintendent of the Desert School District, in charge, the alphabetical system of registration devised by William A. Lippman of the local war price and rationing board was functioning smoothly and there was little confusion at the various schools.

Miss Finchy advised all desiring Book 4 to be sure to apply before noon tomorrow. The registration will end at noon and those who fail to get Book 4 by then will have to wait until Nov. 5 when it may be obtained at the rationing board office. In the meantime, they will be without the canned goods stamps in Book 4 which go into effect Nov. 1.

Mrs. Lippman Calls Important Session Of Club Officials

Mrs. William A. Lippman, president of the Palm Springs Woman's club, today announced that an important meeting of all officers of the organization would be held Monday afternoon at the club house at 2 o'clock.

She urged all officers to be present.

The club will officially open its season on the following Monday, Nov. 1.

Thales D. Boyd Now Captain in U. S. Navy Is Word

Lt. Commander Thales S. Boyd, former city councilman of Palm Springs, now a resident of Washington, D. C., and an officer in the United States Navy, has been promoted to a captaincy, according to word received this week by Mrs. F. V. Shannon, of the Vaughan-Arms apartments.

Congratulations went forth to Captain Boyd from his many friends here on receipt of word.

Captain Boyd and Mrs. Boyd were in Pearl Harbor when the Japanese struck there on December 7, 1941.

They have been making their home in Washington for some time.

Route All Convoys to Indian Ave.

Military Vehicles
Removed From
Palm Canyon Drive

All military vehicles are now being routed down Indian avenue on order of military authorities and no more convoys or trucks are using Palm Canyon drive.

The order went into effect early this week with the change of the army parking lot from West Amado road to a site on South Palm Canyon drive stretching through to Indian avenue.

Military police are now stationed at the junction of Indian avenue and Palm Canyon drive at the southern end of the city and at the intersection of Granvia Valmonte and Palm Canyon drive at the north, directing military traffic to Indian avenue.

Signs are now being prepared and will be erected at the two intersections to acquaint drivers with the regulations.

It is understood that a request will be made to the city to eliminate the stop signs against Indian avenue at three intersections.

The change over from Palm Canyon drive to Indian avenue was made because of traffic conditions, traffic on the drive becoming increasingly heavier as the season progresses.

Three Parents in Court as Curfew Law Is Violated

Chief of Police Lyle J. Sanard called attention of parents to the curfew ordinance, adopted by city council a year ago, the terms of which provide that all children 17 years of age and under, be off the streets at 9 p. m.

Police are enforcing the measure and already three parents have been cited to city court for allowing children under 17 to roam the streets after the 9 p. m. deadline.

The ordinance provides an exception for children out on errands or going to and from work.

Just Some Old Cowhands—

Villagers Buy Keys Cattle, Stage 3-Day Round-Up and Drive

Four Villagers had a great time in a three-day cattle drive and two more aided them in round-ups and impromptu rodeos until Sunday night when they had to leave the drive to return to the Village.

It all happened after Kenny Paul, on behalf of the B-Bar-K Cattle company, in which he and Harold Lienau are partners, had bought 61 head of cattle from Bill Keys up in the Joshua Tree national park and drove them to the ranch the B-Bar-K has leased in the Morongo valley.

SEXTET RIDES NORTH

Keys is in jail awaiting outcome of his appeal from a guilty verdict on a charge of shooting and killing Worth Bagley in a dispute over use of a road.

Saturday Mr. and Mrs. Paul, Mr. and Mrs. Ralph Sturkie, Joe Butler and Dick Paul rode to the Keys ranch where they expected to find the cattle all rounded up and awaiting them. But the cattle thought otherwise and were wandering over the range.

First thing on the program, therefore, was a round-up which kept the sextet at the Keys ranch where they camped that night. After the round-up was completed Sunday morning, the drive to Quail Springs began. In the (Please Turn to Page 7)

One Seriously Hurt In Cathedral City Trailer Park Fire

Damage estimated in excess of \$11,000 was done Monday morning when flames swept the De Luxe Trailer park at Cathedral City, destroying three trailers, two automobiles, as well as nine palm-thatched trailer stalls with meters, tanks and other equipment. Origin of the blaze is not known.

Al Dodd, manager of the park, who with Mrs. Dodd was home in his trailer, was severely burned, and school children at the nearby Cathedral City school were marched out by Mrs. Lily Cable who conducted them to a safe distance without confusion.

SERIOUSLY BURNED

Dodd suffered third degree burns when the burning roof of an auto shelter fell on him as he was endeavoring to move a car, parked underneath, to safety.

He was brought here for first aid at Dr. I. W. Lynn's office and later taken to the Casita hospital at Indio where he is now in a serious condition.

A strong wind which whipped the flames toward the school house prompted Mrs. Cable to

act but fortunately the school was not seriously threatened.

LOCAL DEPT AID

E. J. Ellis, part owner of the park and operator of a similar park in San Diego, made the estimate of the loss at \$11,000.

An officer, owning one of the trailers, lost all of his clothing and many personal items. One of the automobiles destroyed was packed with household articles and books.

Fire Chief Bill Leonosio of the Palm Springs department, who responded to a call for aid when the wind threatened to spread the flames, said the fire was so hot that it burned right through the metal of the automobiles and trailers.

Sailors From Salton Sea to Be Feted Here

There's going to be a lot of activity in the kitchens of Palm Springs' homes next Wednesday, Oct. 27, when local ladies start whipping up cakes, tossing salads together, and preparing heaping mountains of spaghetti—all in readiness for welcoming 50 sailors from Salton Sea to the USO Club in honor of Navy Day.

These seamen on a "sea of sand" are going to find themselves being given the kind of a royal welcome only Palm Springs people can give.

NAVY WILL AID

From the time they arrive at the USO until they "sail away" at the close of the dance, they will be guests of navy wives, daughters, sisters, aunts, and mothers. Local men are also going to help.

(Please Turn to Page 7)

Army Trucks Aid in Local Salvage Drive

The Palm Springs Victory Scrap bank is now open, Walter Illick, chairman of the local salvage committee, said this week, and through the cooperation of the army, the part the Village plays in the last half of the 1943 Victory Scrap drive should be easy.

"Through the facilities of the army air base here and the full cooperation of Capt. Jess E. Parsons and his staff, our part in the National Victory Scrap Drive which ends on Nov. 1, in which fifteen million tons of scrap are sought, should be a cinch. The transportation problem has been solved."

URGES ALL TO AID

Army air base trucks will pick up all kinds of scrap both at the local salvage yard and heavy items in the field, Mr. Illick said. He urged Villagers to do their part by taking what they could to the Victory Scrap bank, located just back of the Desert Forge on South Palm Canyon drive. A large sign, Victory Scrap Bank, points out the site.

"You will also find other signs at the bank for deposits of iron, rubber, rags, papers, pasteboard cartons. Please keep these items separate, as much as possible," Mr. Illick said.

TO CAMP HAAN

"The army trucks will then pick up items deposited there and take them to Camp Haan. At that point, the scrap is placed in stock piles to be used as needed. Remember, all cash from sales of this scrap goes for various agencies which are aiding army morale, such as the USO and so on.

"Keep your eyes open for old automobiles, discarded heavy iron, junked trucks, and scrap iron, no matter where it is, and report it to the local press or drop me a card."

"Let's pass the ammunition. Keep on taking grease and fats to your butcher. Don't waste an ounce."

Red Cross Election To Be Held Nov. 10

An important meeting of the membership of the Palm Springs branch of the American Red Cross will be held on Nov. 10 at the Fiesta Room at the Desert Inn, it was announced today.

At that time election of officers for the new year will be held and every member of the branch is urged to be present to participate.

The meeting will be called at 10 a. m.

Rest Camp Opens This Week End

New Regulation
of Soldier Passes
Here Inaugurated

A tent city sprang up at the Field Club this week and during the weekend the Furlough Club, made possible by the cooperation of the city and the army, will be occupied for the first time.

Accommodations for 500 servicemen in Palm Springs on weekend passes will be provided and weary soldiers will no longer have to sleep in hotel lobbies, automobiles, jam hotel rooms or sleep in the streets.

SOLVES PROBLEM

The Furlough camp, coupled with restriction on the number of passes issued for Palm Springs is expected to relieve a difficult situation which at times threatened to swamp the facilities of the Village to care for its weekend guests.

Because of the fame of Palm Springs, the weekend influx of soldiers from the Desert Training Center, plus the men stationed here and scores from bases nearer the coast, grew to serious proportions. It is estimated that three weeks ago the number of men here on leave ran well into the thousands.

COOPERATE WITH CITY

The provost marshal's office of the DTC and the special service department conferred with city officials on a plan to remedy the situation. A survey was made to determine the number of service men who could be fed here and the Rest Camp at the Field Club was provided to take care of sleeping accommodations.

At a meeting a week ago, Major (Please Turn to Page 6)

Dr. Polyzoides To Speak in Village On Thursday Night

Dr. Adamantios Th. Polyzoides, one of the best known and most popular lecturers on the Pacific Coast, will speak to Palm Springs audiences on Thursday, October 29.

His evening program, open without admission charge to the public, will be held in the Frances Stevens School auditorium, the meeting starting at 7:45. Dr. Polyzoides will be third speaker in a series of forum meetings devoted to the theme, "Critical Centers in a Warring World." These public forum meetings are sponsored by the Palm Springs Union High School district.

Dr. Polyzoides, aside from being a radio commentator and columnist, (Please Turn to Page 10)

Walk Washing Ban To Be Enforced Strictly, Warning

After a month of warning violators, arrests will start next week for infractions of Ordinance No. 137, which prohibits washing of sidewalks except between 5 and 7 a. m., or allowing water to flood the streets, Chief of Police Lyle J. Sanard said today.

Many gardeners allow water to flow into gutters and accumulate in low spots contrary to the terms of the measure. These have been warned, the chief said, but the period of grace is now at an end.

Many have been ignoring the measure, it was said, and these face the possibility of a trip to city court and a fine.

Cathedral City

W. R. HILLERY

As a general news item the disastrous fire at the DeLuxe Trailer Park is something for the editor of The Desert Sun to make use of.

After each fire in our community, there are a few residents so wrought up about our woeful lack of fire fighting equipment that they have much to say about it and you will hear plenty of "why don't they."

There is one sure way to have some improvement along this line and that is to form a fire district. The first effort was made about three years ago and after maps were drawn and the wording of the petition was passed on, it was circulated and signed. The law requires only fifty signatures of resident tax paying owners. But when the County Clerk's office and that of the Assessor got through with the petition, it wouldn't pass. Some voted at other places and so were not considered residents here, some were not legal owners because they were paying on contracts, etc. Another fire brought out another petition and when it was about ready to be presented last year we were advised there was a possibility of the state placing a fire station here that would not be placed here for our local benefit but certainly would be available.

This prospect to the local tax payers seemed so good that the petition was held up but to date the "wheels" seem to turn so slowly. Effort has not ceased and I have a four page letter dated the 15th of this month from James W. Kyle in which he recounts his experience in traveling from office to office in the county court house to check on various matters that concern Cathedral City.

There is this one paragraph about the fire protection effort: "As to the fire station, I could not find out anything definite in Riverside; I must write to Mr. Thomblin to learn the present status of the fire station plan." Not much to be sure, but an effort is being made.

In the meantime we can do two things here. One is to have more people who live here take an interest in what we have now to fight fire with. Learn how to operate our chemical fire equipment. The second is to show some very definite appreciation of the fine neighborly spirit of Chief Bill Leonosio and his volunteer crew for coming out here from Palm Springs.

I'm going to use some of Mr. Kyle's letter later but I want to give a little space to a very interesting man who visited our village this week. Mr. and Mrs. G.

CARNELL BUILDING

Army Wonder Show To Open Tonight At Plaza Theatre

Tonight is that "night of nights" for local theatre-goers as well as members of the cast of the Army Wonder Show, the all G. I. production of the Torney General Hospital Special Service Department.

Cpl. Lee Grabel, acclaimed one of the country's finest young mystics by fellow magicians, heads the cast of magic makers. Lee's many years of experience as a top-notch performer belie his youth. He began amazing audiences at the age when most youngsters are contemplating their freshman year at high school. Building his repertoire year by year, working long hours week after week, month after month to perfect his many amazing feats, at the comparatively early age of 25 Lee has become one of the top men in the business.

SCORES A SCOOP

The show scores a scoop as Hirohito is shot from a cannon.

The Great Hukom (Cpl. Leo Shepps) scores a laugh a second with his unorthodox gyrations and fumbling shinnanigans.

An outstanding band, the local 21st Ferrying Group aggregation, does a super job of setting up the "breaks" and providing background music.

Pfc. George Rosensweig, Pvt. Bennie Orin and Pvt. "Red" Hammond (his only beef concerns his Hirohito role) cavort about to make this a top production.

This two hour extravaganza of mystery and comedy provides the most unusual entertainment Palm Springs will have the opportunity to glimpse this season.

The local Lions' Club is behind this benefit production to the man. Proceeds from the show will provide a recreation and morale fund for patients and enlisted personnel at the hospital.

THE SAGE SPEAKS

The voice heard from the hillside yesterday was the "Old Man of the Mountain" dishing his sage advice to the multitude. In his words "All in the know, go to the Army Wonder Show." He has spoken, and he knows all.

There will be only two performances, one tonight (Friday) at 8 o'clock and another tomorrow at the same time.

Advance ticket sales indicate a sell-out crowd for both evenings. You'd better hurry to be sure of your ducat.

Lions Committee Seeks Furniture For Wasps' Room

Committee of the Palm Springs Lions club, which is interested in providing comforts for the army bases here which are not included in government issues, sounded an appeal this week for chairs — any chairs — to furnish the room where the Wasps, women flyers, congregate to await calls to duty.

Any old chair will do, committeemen said, because the men at the Ferrying base will make the necessary repairs.

Members of the committee, who may be contacted and who will see that chairs reach their destination are Bill Vieth, Merrill Crockett, Lloyd Simon, Johnny DeVine, Philip L. Boyd, Harold Hicks, W. R. Hillery and Joe Henderson.

Service Man, Recently Stationed in Desert, Writes Chamber of Commerce Praising Hospitality of Palm Springs

They like Palm Springs.

Mrs. Bertha Carter, assistant secretary of the Palm Springs Chamber of Commerce this week received a letter from a serviceman, until recently stationed in the desert and now in New Jersey. The letter was high in its praise of the treatment he received in Palm Springs and of local hospitality. The letter:

Hq. Co. 338th Inf.
APO 85
Fort Dix, N. J.

Chamber of Commerce

Dear Sir:

Until recently my outfit was stationed in California for desert training. During this period it was my extreme good fortune to visit Palm Springs. I had such a splendid time while I was there that I wanted to thank those that make it possible. Since it is impossible to single out one person or group which was responsible, for it was the doing of the whole town, I wish to thank you as their representatives.

What I want to say is hard to put into words for after spending weeks on the desert and then coming to town and receiving the courteous treatment that my outfit and I received in Palm Springs, brings something inside of you alive; it is something that only those that have gone through it can know what I mean.

Some day when things are normal, I hope to be able to return to your town and drink in its hospitality and beauty at leisure. This started out to be a letter of thanks but I am afraid I haven't expressed what I feel for my thanks comes from the heart.

Sincerely yours,
WALTER C. MILLER

New Books at the Welwood Murray Memorial Library

EXCUSE MY DUST
By Bellamy Partridge

When the first automobiles came chugging up Main Street in the home town of the Country Lawyer, driving the horses up the telephone poles and raising an intolerable dust, they overturned the old order of country life with the violence of an invading army.

It is of these turbulent days when sparkplugs and miles-per-gallon were first becoming current in Phelps, N. Y., that Bellamy Partridge is writing in "Excuse My Dust," the last in the "Country Lawyer" — "Big Family". Many of the favorite Partridge characters are in the narrative, while the main character is young, ambitious Tom Hunter, the bicycle and automobile mechanic around whom the story is built.

New blood was slowly replacing that of the old generation whose motto was "What was good enough for my father is good enough for me." The telephone and nickelodeon had added somewhat to the pleasure and convenience of living without changing the pattern of their existence, but the automobile was another matter. As it came into its own the hitching rails for old Dobbin were shoved first into the side streets, and later on the wood pile.

Here we see Tom Hunter putting up a sign which reads GARAGE, and hear the townsmen disputing its meaning and pronunciation. Tom had his counterpart in every other small town in the country, and his is a story of the battle against horse and buggy tradition that will carry the reader back to those lost turn-of-the-century days.

"Excuse My Dust" is full of the humor and salty anecdotes characteristic of "Country Lawyer," and draws a delightful picture of the days of "get out and get under" when the monkey-wrench was as essential to travel as a tank full of gas.

New Photography Shop Opened by Mr. and Mrs. Ward

Mr. and Mrs. O. M. Ward this week opened their new photographic shop at 138 North Palm Canyon drive where Mr. Ward will specialize in color photography.

Mr. Ward has had 35 years of experience in photography. Before the first World War he operated a portrait studio in Colorado for ten years. He enlisted in the air service in the war and after that operated a portrait studio in Vallejo. For 15 years he was official photographer for Yosemite valley.

He is a recognized authority on color photography. It is Mr. and Mrs. Ward's ninth season in Palm Springs. They formerly operated Ward's Camera shop at 288 North Palm Canyon drive.

Strict Regulation Of Tamarisk Road Traffic Is Asked

Lt. R. G. Livingston, provost marshal at Torney General Hospital, appeared before city council Wednesday night to call attention to a dangerous traffic situation on Tamarisk road between Torney and the 22nd General hospital.

He asked for a 15-mile speed limit in the area and a ban on parking on the north side of the street.

Chief of Police Lyle J. Sanard pointed out that the city could not impose speed limits contrary to the state motor vehicle code but that "slow" signs could be erected.

The request was referred to the public safety committee of the council for study and report at the next meeting.

Mrs. Ward's Father Guest at Her Home

J. P. Brodhead, a former Methodist missionary to South Africa, where he spent 28 years, is in the Village visiting at the home of his daughter, Mrs. O. M. Ward, 1111 San Jacinto way.

Mr. Brodhead has been ill for some time and is here to recuperate.

He was superintendent of adult education for Los Angeles schools for several years and is well known in educational and church circles.

Watch Your Driving Habits Is Warning

Now that the season is well under way, motorists had better watch their driving a little more closely, according to Police Chief Lyle J. Sanard.

A drive against double parking is planned and motorists are warned to guard against little infractions of traffic rules which pave the way for mishaps.

Myrtle Lyon Taylor of the Plaza Yarn and Junior shop, visited Los Angeles this week, buying new items for her shop here.

The quickest way to get around the lack of large cuts of meat is to take a short cut.

Village Rotarians Hear Facts on War Chest Drive Here

Facts on the War Chest drive, to open on Nov. 11, were presented members of the Palm Springs Rotary club Wednesday noon when the club met at the Desert Inn in regular session.

Tom Holland, chairman of the local drive and William S. Fleming, county secretary of the War Chest, addressed the Rotarians, describing the aims of the campaign and the set-up locally and in the county, state and nation.

Arthur E. Bailey, former city manager, assistant chairman of the War Chest drive, will preside at the next meeting of Rotary in the absence of H. E. "Pat" Patterson, president, and Carl G. Lykken, who will be out of the city.

At yesterday's meeting, John R. E. Chaffey and Wilson O. Gibbs were inducted as members.

Pay Telephone Bills before the 30th and receive your discount.

Los Angeles Pair Purchase La Mesa Bungalows Here

Mr. and Mrs. Lester Sherwood of Los Angeles and Banning have purchased the La Mesa bungalows at 1508 North Palm Canyon drive from Mrs. T. W. Brown, it was announced this week.

Mrs. Brown, who has been here for six years, will continue to make her home here at Desert Haven, her other local property.

Mr. Sherwood, who has a leather goods business in Los Angeles, has been making his home in Banning.

The transaction was handled by John W. Williams, local realtor.

Mrs. Mae Sasson, receptionist at Sally's Beauty Shop, 279 North Palm Canyon drive, is visiting her daughter at Del Mar.

Ernest Grill, Jr., well known Palm Springs realtor, underwent a minor operation in Riverside Tuesday, returning to the city later this week.

CHRISTIAN SCIENCE CHURCHES
"I have set the Lord always before me: because he is at my right hand, I shall not be moved." This declaration from the Psalms will be the Golden Text in the Sunday Lesson-Sermon on "Probation after Death" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.
In his first letter to the Corinthians Paul writes: "I declare unto you the gospel which I preached unto you, . . . how that Christ died for our sins according to the scriptures; And that he was buried, and that he rose again the third day according to the scriptures: And that he was seen of Cephas, then of the twelve: After that, he was seen of above five hundred brethren at once: . . . And last of all he was seen of me also, as of one born out of due time. . . . Now if Christ be preached that he rose from the dead, how say some among you that there is no resurrection of the dead? . . . But now is Christ risen from the dead, and become the firstfruits of them that slept."
On this subject Mary Baker Eddy says in "Science and Health with Keys to the Scriptures": "Our Master fully and finally demonstrated divine Science in his victory over death and the grave. Jesus' deed was for the enlightenment of men and for the salvation of the whole world from sin, sickness, and death."

Catholic Church Altar Society to Meet October 28

Altar Society of Our Lady of Solitude, Catholic church, will hold its first meeting of the new season next Thursday, Oct. 28, in the Parish rectory. The meeting will start at 3 p. m.

As it is the first meeting of the year, it will be an important one and all members are urged to be present.

Any lady of the parish wishing to join will be welcome at the meeting, Mrs. Armand V. Turonnet, president of the society, said. Mrs. Earl Hough is secretary.

The Rev. C. Norman Raley, pastor, will be present to address the group.

Guests of the Will Copelands this week are their daughter and granddaughter, Mrs. L. W. Harris and Lynda Mae Harris, Mrs. Steve Barker and Mrs. Jeanette Hallett and daughter, Janie, of Tupelo, Miss. Col. Barker is now stationed at Inglewood.

2 Marriages Are Solemnized at Episcopal Church

Two marriages were solemnized at St. Paul's in the Desert, Episcopal church, Monday, by the Rev. Robert M. Hogarth, vicar.

Capt. Ellis W. Wright, Jr., son of Mr. and Mrs. Ellis W. Wright of Miami, Arizona, and Miss Marion Turner, daughter of Mr. and Mrs. R. Curtis Turner of Honolulu, T. H., were one of the couples to plight their troth. After a brief honeymoon, they will make their home at Smoke Tree ranch.

Exchanging vows at the same altar were Lt. Charles Meredith Furmont, son of Mr. and Mrs. C. M. Furmont of Van Wert, Ohio, and Miss Alice Lorraine Conn, daughter of Mr. and Mrs. Lee L. Conn, also of Van Wert. Attending the groom was his friend and classmate, Sgt. John W. Savage. Frances S. Savage was the matron of honor.

Accompanying the bride from her Ohio home to Palm Springs for the ceremony was her mother. The newlyweds will make their home in Palm Springs as long as the exigencies of war permit.

Episcopal Church Convocation Will Meet Here Nov. 2

Convocation of San Bernardino will meet at St. Paul's in the Desert, Episcopal church, Tuesday, Nov. 2, the Rev. Robert M. Hogarth, vicar, said today. It had been previously stated that the convocation would meet Nov. 10.

About 150 clergy and lay people from Riverside and San Bernardino counties will be present.

Special speakers will be the Bishop of the diocese, the Rt. Rev. W. Bertrand Stevens and the Bishop of New Mexico, the Rt. Rev. James M. Stoney.

A picnic luncheon will be held in the parish hall of the Community church, followed by the afternoon meeting in that church by courtesy of Dr. J. R. Macartney and the church board.

Tea, coffee and ice cream will be provided by members of St. Paul's Guild.

Age-old Conflict With Evil To Be Theme of Sermon

The Rev. Robert W. Hogarth will take for his topic next Sunday morning at St. Paul's in the Desert, Episcopal church, "Conflict With Evil."

"In Christianity, as in human nature, conflict is a primary element—the struggle between good and evil, true and false, of between conditions of life that are only relatively good or bad."

The speaker at the Young People's Meeting at 7 p. m. will be Chaplain George C. Pearson of Torney General Hospital.

St. Paul's Guild To Meet Tuesday With Mrs. Fuller

Next meeting of St. Paul's Guild of the Episcopal church will be held Tuesday, October 26, at the home of Mrs. Charlotte Kanaga, 1111 Tamarisk road, with Mrs. D. Fuller as hostess.

At the last meeting of the guild, last Tuesday at the home of Mrs. Harrison Leussler, the Guild was glad to have with them Mrs. Raymond Wilson, president, and Mrs. Levering Moore, vice-president, who made a special trip from Los Angeles to be present at the meeting.

Famous Institute Will Not Be Held

This year, for the first time since 1926 when it was founded, there will be no Institute of World Affairs held at the Mission Inn at Riverside, it was announced this week.

War conditions were blamed.

NOT MUCH DAMAGE

The diet of the red-winged blackbird is 26 per cent animal matter and while it draws considerable complaint in some sections of the country, it does not seem to do much damage.

MARINES IN TRINIDAD

A group of marines has been assigned to duties at Port of Spain, Trinidad, a short distance from the coast of Venezuela.

Sun and Sand Caravan Hostesses Dance Partners for Unit of Cavalry Troops From Desert at Village USO

Members of the Sun and Sand Caravan had another busy weekend at the local U. S. O. Club. Over eighty girls arrived from Riverside and Santa Monica to act as hostesses for the open dance and a special party, for a unit from the 15th Cavalry, on Saturday night. Following a dinner, served by the field kitchen of the Cavalry unit, a delightful evening of dancing was enjoyed by all men present.

Special vocal numbers were presented by Elynor Clark, junior hostess from Riverside, during the evening. A community sing, under the direction of Mrs. Holly Visel, brought the Saturday night's activities to a successful close.

MUSIC AND MEALS

Many of the junior hostesses attended Sunday church services at Torney Hospital, accompanied by friends made during the Saturday evening festivities. Following church, the girls walked and visited with some of the soldiers confined in the hospital.

Much of the week-end's success was due to the grand aid from men of the 15th Cavalry—who served the girl's meals from their field kitchen, stationed on the USO grounds, and played for the evening of dancing.

SPECIAL PARTY

Another special party was planned by an Engineer's unit, for Sunday evening. Junior hostesses for the evening were the girls from Riverside plus girls from Banning. Swimming, a delicious supper served by the men, and dancing yielded a gala evening.

Senior hostesses who accompanied the girls were: Madames Mildred Ketchum, G. Wilton, R. Gordon, Miss Emma Ingman, Miss Maude Clark, from Riverside; Mrs. Evelyn Bournes and Miss Hazel Dale, staff members from USO Club of Santa Monica; Mrs. Bird Barbour from Banning.

Arrangements for the weekend were made by Mrs. Marguerite Van Derwerker, Sun and Sand Caravan Director; Eloise Hirt, USO Club Director; Gail Sollenberger, Frances Dadds, USO Club; with Mrs. Marguerite Hogue, Riverside USO; Evelyn Bournes, Santa Monica USO; Mr. Warren Pinegar, Banning USO.

Gordon Feeings' New Cafe Open for Business Today

"Gordon's," a new place to eat in Palm Springs, owned and operated by Gordon Feeings, well known local restaurateur, opened today at 124 South Palm Canyon drive, in the Plaza, just north of the Plaza theater foyer. The slogan is "A place to eat, unique."

Gordon's will be staffed by former employees of Mr. Feeings with Mrs. Harry Hann, cashier and hostess, and W. O. Fisher, chef. Mr. Fisher was formerly traveling chef for the Van Nuys hotel company. All of the staff are residents of the community.

Gordon's seats 56 persons at the fountain and booths. The fountain will be a most complete one. All of the fixtures were personally designed for Mr. Feeings by Albert Dubin of the Dubin Furniture company of Los Angeles.

Mr. Feeings said his new house will be a food specialty house and will serve only the best the market affords. They will bake their own pastries.

Mr. Feeings has been in the restaurant and cafe business here for many years and has won an enviable reputation for serving fine foods.

Acme Electrical Company Opens New Shop in Village

H. L. Smith, well known electrician, has opened the Acme Electrical shop at 415 North Palm Canyon drive, the site recently vacated by the express company. The new firm will engage in general electrical repair work and contracting.

Mr. Smith was electrical superintendent on construction work at Torney General Hospital and also engaged in electrical work on defense plants along the coast.

Mrs. Smith and son made their home at Rancho Mirage while Mr. Smith was in the army and later engaged in electrical construction work along the coast.

The son has entered Palm Springs high school.

Motor cars are almost human these days, remarks Gordon H. Garland, Director of Motor Vehicles, but none has yet been invented that will think for its driver.

Status of Ground Observation Crews Cleared by Chiefs

The status of the more than 100 volunteers of the Ground Observation Corps here, now serving an alert basis, is not to be confused with the demobilization of civilian defense workers, authorities pointed out this week.

Instead of operating 24 hours a day, the 7500 observation posts of the aircraft "spotters" and the 43 filter centers along the east, west and gulf coasts and the Canadian border will be manned only a few hours one day a week, to keep the organization together and prepared to return to full-time duties at a moment's notice.

Army information centers to which the filter centers report will continue their full-time operations and the recent order—directed only at the civilian volunteer setup—will not diminish in any way the watch maintained by military posts, ships at sea and others in the aircraft warning net.

Continuous 24-hour service at the local post stopped at 6 p. m. last Saturday night and there was no one at the post for the first time since Dec. 7, 1941.

Many Registered At Desert Inn as Season Is Started

Stopping at the Desert Inn this week were Judge and Mrs. Guy A. Thompson, St. Louis; Mr. and Mrs. Paul Kelly, Los Angeles; Major and Mrs. E. T. Crawford, Oceanside; Mrs. D. McGowan and granddaughter, Miss Roxana Stahl, Bel Air; Mr. and Mrs. C. E. Tracy, Beverly Hills; Mr. and Mrs. W. B. Blodgett, Beverly Hills; Mr. and Mrs. George C. Morrow, New York City; Mrs. C. Ipar and Mrs. A. Chesman, Beverly Hills; Mr. and Mrs. L. L. Hall, Montebello; Miss Alvina and Miss Elvira Mariani, Redwood City; Mr. and Mrs. Donald Kerr, Hollywood; Kingdom Gould, Jr., New York City; Mr. and Mrs. Guy Price, Jr., Beverly Hills; Mr. and Mrs. Joyce Edgin, Beverly Hills; Miss Lillian Fields and Billy Johnson of Oakland.

George Strebe and Family Back Home

Mr. and Mrs. George Strebe and their three children have returned from Lake Arrowhead where they spent the summer and Mr. Strebe managed the resort motion picture theater for his brother, Earl Strebe, owner and operator of the Plaza and Palm Springs theaters here.

During the season, George will operate the two Village theaters for brother Earl.

Mrs. Addison Hoof To Return Nov. 1

Mrs. J. Addison Hoof, well known winter resident, will return to Palm Springs early next month to open her home at 828 Avenida de Los Palos Verdes. Mrs. Hoof has been at her home in Hinsdale, Ill., during the summer.

The capture of halibut off the Pacific coast of North America is regulated by the International Fisheries Commission appointed under a treaty between the United States and Canada to preserve the North Pacific halibut fishery.

Mary Hall, Member Of H. S. Faculty, Is Married at Beach

Mrs. Jack Eisen, the former Miss Mary Hall, P. S. H. S. Physical Education and World History teacher, is back from her short honeymoon. The groom is Jack Eisen of Pasadena.

The couple left Palm Springs two weeks ago to be married in the Catholic church at Newport Beach.

The double ring ceremony took place on the 9th of October at 11 o'clock a. m., with only the couple's families present.

The bride wore a gray suit with green accessories and a large orchid on her lapel. The groom wore a blue-gray suit.

The seventh period P. E. class welcomed the new Mrs. Eisen back with a surprise party which included even rice.

"Meaning of Art" Topic Discussed By H. S. Educator

Under the auspices of the Fine Art Foundation of Scripps College, Max Vaucher, Palm Springs high school art and foreign language teacher, spoke Tuesday afternoon on the "Meaning of Art," at Scripps College. Sixty of Mr. Vaucher's prints are now on exhibit for a month at the Scripps College Art Gallery.

In the last four years, Mr. Vaucher has had two portfolios of his prints published and also has had an exhibit of prints at Pomona College.

Mr. Vaucher is an advocate of abstract art and under his guidance many P. S. H. S. students have become interested in this type of art work.

Editorial . . .

HIGHER STANDARDS URGED FOR CHEER LEADERS

Embarrassment experienced by a large number of Palm Springs high school students during the assembly on October 14, did not occur without reason.

We had the unusual privilege and high honor of having as our speaker, on that day, an athletic coach of great renown—"Jeff" Cravath. All students were pleased and encouraged by his sincere talk. But, after Mr. Greeley read the amendment to our Constitution concerning the election of cheer leaders, students were uneasy because their distinguished guest was present to hear the low scholastic standards for cheer leaders announced.

One section of the proposed amendment stated that the participants must have a "D" in at least three subjects, not including Physical Education. When that phrase was spoken, several, in fact many, students were humiliated.

We had before us a coach of university athletics who had just told us the requirements for the boys under the V-12 program. They can not have a "D" in any science, mathematics or navigation course, if they are to continue with such studies.

Are we going to let people hold responsible positions in our school who can not even gain a "C" or "average grade" in their high school courses? By letting students hold office, who have time to participate in activities outside of school but who can not help raise the scholastic standard during the school hours, we lower the prestige of Palm Springs high school.

We wish to make an appeal to the students to change the eligibility requirements from "D" in three subjects to a "C" in at least three subjects. We should have quality in the extra-curricular activities, and to get this quality we must have able and conscientious leaders. It is relatively easy for a school to develop a reputation for strong activity in its extra-curricular programs; it is much more difficult for a school to build a reputation for excellence in both its extra-classroom projects and its academic achievements. Let's insist that our cheer leaders be something more than campus zanies.

Dr. Gray Has Office In San Bernardino

Dr. Russell M. Gray, formerly in practice at The Plaza, has opened medical offices at San Bernardino, friends here were informed last week. Dr. Gray left Palm Springs a year ago to become medical director for a large defense plant in Amarillo, Texas, but because the army was taking so many physicians from private life, deemed it his duty to return to civilian practice.

Palm Springs High School Smoke Signal

Palm Springs High Breaks Jinx, Go To Tie With Beaumont

The Palm Springs Indians broke a six-year jinx when they tied Beaumont high school in a thrilling 0-0 clash on the Cougar's gridiron last Friday afternoon. For six long years Beaumont has defeated P. S. H. S. in every football game played. But on Friday the Indians put on a war dance that drove all the evil spirits away.

The starting gun went off at 3:00 p. m. and that was precisely when a mighty tussle started.

SEE-SAW BATTLE

Palm Springs kicked off and Beaumont got the ball on approximately the 20 yard line and ran it to about the Cougars' 35-yard line.

During the second quarter, both teams were going back and forth, taking the ball deep into each other's territory. The great thrill of the game came when late in the second period Palm Springs had the ball on Beaumont's 15-yard line. Frank Devers, fullback, tossed a pass to Vernon Ward, end, who was open in the end zone and too excited to get a grip on the pigskin to score. Ward dropped the ball after struggling very hard to hold it. Lady Luck was against the Indians at that moment, but they were determined all the more to hit pay dirt.

The second half started with Palm Springs receiving the kick.

PLAY HARD BALL

Both the Indians and the Cougars played harder than in the first half because they were going to make sure that the other team wouldn't get into their territory. The same eleven that started the game started the second half.

The third quarter was an evenly matched fight with both grid teams making advances toward scoring land but not close enough to make that coveted six points.

Finally, the fourth quarter came and neither team had scored as yet. A great surprise came when "Red" Tomkins, center, intercepted a pass made by Beaumont and made a beautiful 15-yard run.

"Captain" Joe Sandeffer, halfback, was running the ball, blocking and tackling beautifully. Joe called offensive signals and did a swell job of it.

PLAYS FULL GAME

Bill Foster, quarter, played the entire game and was doing a good share of the tackling of Beaumont men.

Johnny Batts, half, ran with the ball and made interference with much determination.

Frank Devers, fullback, passed and kicked the ball with ease and accuracy.

Ends Vernon Ward and Russ Massengale regularly broke up Beaumont plays before they got started.

Arthur Jurado and Troy Dunn, tackles, filled the holes in the line when the Cougars tried to buck the line.

"Red" Tomkins, center, showed the team that he was out to make a good example of a football player of himself.

THE LINE-UPS

Nick Mutascio and Bob Lienau, guards, were in the Cougars hair most of the afternoon. Mutascio called defensive signals.

The starting line was as follows:

L. E., R. Massengale, R. E., V. Ward, L. T., A. Jurado, Q. B. Foster, L. G., B. Lienau, L. H., J. Sandeffer, C. E. Tomkins, R. H., J. Batts, R. G., N. Mutascio, F. F. Devers, R. T., T. Dunn.

Although the score was 0-0, the team felt as if it was a moral victory since they broke the jinx of defeat in past years.

Today, Friday, October 22, Palm Springs plays Banning high on the Indian's gridiron.

Mr. and Mrs. J. Darsie Lloyd have re-opened their home at 261 Hermosa place for the season.

P. S. H. S. Assembly Hears Fine Talk By Coach Cravath

"Jeff" Cravath, head coach at U. S. C., was the speaker at a special assembly held Thursday at Palm Springs high school. The unusual opportunity to hear one of the West Coast's foremost coaches was afforded local high school students through special arrangements made with the college football mentor by Dr. Frank Purcell, local dentist.

Coach Cravath spoke on the changing conditions in the football set-up this season. Most of his varsity players have been called to serve their country. His team is made up mostly of boys in the V-12, only two civilians being on the field, Coach Cravath said today. "Times have changed so much that every once in a while the boys tell the coach how to play."

Coach Glover was on the speaker's platform. He asked Coach Cravath the main question of the day, how to get around Beaumont? Coach Cravath told the students Palm Springs would win if they played the game with all they had and played with the will to win.

May We Introduce BY JO AND BOB

GIRL OF THE WEEK:

This little "trick" was born in the hills between Banning and Beaumont (she doesn't seem to know where) on April 28, 1928. She now has a set of green eyes and flashy brown hair. She has lived in Palm Springs all her life.

She is 5' 3 1/2" tall and likes green (probably on account of her eyes).

Her love life is an open book after she misplaced the torch she was carrying for a certain uncooperative male of the Sophomore Class.

Her pet hates include those girls that swoon over Frankie Sinatra and uncooperative men (wonder why?)

On her list of orchestras Glen Miller leads with top honors. She also goes "crazy" over Artie Shaw's arrangement of "Close to You" and "Begin the Beguine."

When it comes to movies and movie actors she sticks up for Pierre Aumont and Lana Turner, while "Mr. Lucky" grabs first place in her estimation of a top hit. She would like to meet Donald O'Connor (could it be his Charles Boyer accent).

Two things she likes to do is swim and play the piano (where is the connection?)

Her list of favorite foods isn't very long—only two selections, yams and fillet mignon. (What has happened to her appetite?)

She strolls gaily around the campus arm in arm with Julie and Geri.

Summing it all up we have quite the little lassie, and if you don't know her now, look on this page next week for her name.

BOY OF THE WEEK:

Introducing a lad from the sophomore class.

He was born in San Diego, Cal., Aug. 17, 1927. He has "dish water" blonde hair and brown eyes.

He has been a resident of Palm Springs for five years so he should be easy to guess.

His favorite orchestra is Kay Kayser's, but "In the Blue of Evening" by Harry James is his favorite record.

He claims he could live on candied sweet potatoes and chocolate malts but he's afraid he might lose his school boy figure.

I'm sure you'd recognize him if you heard him playing his clarinet in 4th period band.

He claimed no favorite when asked about his love life. However, it looks like a toss up between a freshman and a sophomore girl. Come on, break down and tell us which one it is.

Allan Ladd rates 1st place with him since he saw "China," and Lana Turner is his movie queen. He likes sad, romantic pictures.

"China" measures up to his standards for the best of the year.

His favorite sport is football. He loves to play it. Unfortunately, he wrecked a finger in a practice game a couple of weeks ago so he watched the Beaumont game from the bleachers.

He thinks Betty Hutton is a real

More Photographs Taken for Annual At High School

Photographs of fourteen students riding horseback, which may be used in the '44 yearbook, were taken Monday, October 18, at the high school by Paul Summers and Robert Hillery. These pictures are the second in a series to illustrate desert activities.

Five different poses were taken. In the first, the group lined up in a single file and rode down the bridge path across from the school.

The second was also taken on the bridge path with the group in couples.

The next two shots were taken in the sagebrush across from the school.

The last group of pictures were taken of single students with the school in the background.

The riders included: Geri Boyer, Donna Crockett, Barbara Emigh, Barbara Inman, Jo King, Barbara Knowles, Sallie Lockett, Norma Mabrey, Martha McCarn, Cecile Morris, Babs Neel, Don Reed, Trudy Sawyer and Helen Louise Williams.

Most of the horses were secured through the Araby-Palm Springs Stables through Mrs. L. E. Billington, owner and manager.

The group was accompanied by Miss Smallwood, better known as "Blackie."

GAZZOIT

BY TRUDY SAWYER

With bear traps and ball and chain in hand, the war rages night and day.

Gil S. was captured Saturday night by three most capable warriors, "Haggie," Mac and Helen Louise.

Julie M. is trying her commando tactics on "J. B." Emigh. More power to you, kid.

What came between John H. and the freshman girl? Is it just one of those things?

Lila Lee and Moseley held quite a "pow-wow" Friday evening after the game.

The \$64.00 question: Why is Bob Fern afraid of Hookey?

Jo K. put out her torch Friday night and is once more on the loose.

Who has Donna Reed set her bear traps for? G. S. or B. F.

How about that red-head we've seen in the company of Pat H.?

Cecile, you shouldn't play so rough with Warner. See what you've done?

Tall, blond, and handsome describes the new junior boy, Dave Q.

Sheptenko Stocks Phone Directories From Far and Wide

Peter B. Sheptenko, widely known local realtor, has a new library. It consists of telephone directories from every large city in the nation.

The demand for Palm Springs really has spread so far and wide that the real estate broker decided he'd better have the directories handy for his many long distance calls.

He said that any wishing to call his or her home town is welcome to come in and use the directories.

Mr. and Mrs. Marshall Seeburg and father, J. R. Seeburg, are spending a week in Palm Springs, guests at the Desert Inn.

"pingaroo" and would very much like to meet her!

By now you should know who he is. But do you? If you don't, look in next week's paper for the solution.

The Mild Herb Laxative

H. S. Service Club Makes Plans for Busy School Year

The Service Club of Palm Springs high school held its first business meeting Friday, October 15, under the direction of Mrs. Kleebe.

The highlight of the meeting was the discussion of Service Club awards. It was decided to have white sweaters and a maroon emblem. The emblem will be for the first year of service, and a star will be added each year thereafter. The Student Council will have to pass on this before it can be put into effect.

MUST NOT MISS

It was decided that in order to qualify for the award each member must not miss more than two meetings without a legitimate excuse.

The Service Club will decide if the member has worked faithfully enough and has helped the school sufficiently to warrant the award of the emblem.

Dick Moseley appointed boys to help in the game Friday, October 22. Dick said today, "The jobs to be done will be decorating the football field, helping with the selling of tickets and policing the side lines.

ORDER ARM BANDS

Dr. E. E. Oertel reported that fifteen new arm bands have been ordered for the Club.

Ed Willis and Robert Hillery joined the Service Club this week, boosting the total enrollment to eleven members.

Production Room Sounds Appeal for More Materials

Although the Red Cross production rooms are still open but two days a week, Mondays and Fridays, these days are busy ones as the Riverside chapter, of which the local unit is a branch, has asked that 25 wash rags be made, either knitted or crocheted or made of Terry cloth. The latter may be made of old toweling, so if any Villager has any old Turkish towels or an old Terry cloth robe, it would be greatly appreciated.

Such donations may be left at the Red Cross headquarters at 107 South Palm Canyon drive.

Also, workers who have been making slippers for Torney General hospital need more cardboard, so an appeal has been sounded for empty suit boxes or other cardboard of any type except corrugated carton type.

The production room will go on its winter schedule of five days a week, Monday through Friday, on Nov. 1.

Visits Village To See New Nephew

Miss Pansy Teagarden, sister of Capt. Joseph Teagarden, was in Palm Springs Monday to see her new nephew and to be of assistance to her brother in his bereavement.

Mrs. Joseph Teagarden succumbed within a few days after her son was born.

Capt. Teagarden accompanied the remains to Dallas, Texas, where funeral services were held. The child is here in the care of nurses.

Free Public Forum Meetings Attract Interested Throng

Nearly 350 residents of Palm Springs and military personnel of Torney General Hospital heard Lal Chand Mehra last Thursday in the first public forum meeting in the current series on "Critical Centers in a Warring World."

This week Herbert Clarence White is addressing the same audiences on "China." On Thursday, October 28, Dr. A. T. Polyzoides is third speaker in the series. His talks will be on conditions in the Mediterranean Area.

Arrangements have just been concluded in the high school office to have Dr. Walter F. Dexter, State Superintendent of Public Instruction, address the local forum meetings on January 13, 1944.

William E. Wilson Arrives to Handle S. P. Ticket Office

William E. Wilson, of the Southern Pacific passenger department, arrived in Palm Springs this week to assist J. G. Shea, who has been representing the S. P. here for the past year. Mr. Wilson will be permanently stationed at the S. P. ticket station at Torney General Hospital to handle the business for military personnel in town.

A city telephone will be installed and the number available at the local hotels for civilian calls.

With Mr. Wilson at the ticket office, Mr. Shea will be enabled to spend all of his time on the outside calls, the number of which are steadily growing.

Herbert H. Foster In Village on Visit

Herbert H. Foster, well known Village realtor, now connected with the Douglas Aircraft factory at Long Beach, was a Palm Springs visitor last weekend, combining a business trip with visits with old friends here.

Many Visitors See Museum Exhibits During First Week

Since the Museum opened its doors last Saturday, it has been very well attended, both by residents of Palm Springs and transient visitors, the latter being much more numerous than was expected.

In the afternoon, special programs have been offered for the children, and in the evenings, motion pictures have been shown for all comers. All these pictures have to do with plants, animals, or scenery: in general terms, with the out-of-doors. Some good movies of desert life show the Side-winder (of which there is a living specimen in the Museum), the Gila monster, the Roadrunner, the Kangaroo Rat, and numerous other creatures. The Gila monster is not found in California but the Museum has a live one brought in from Arizona. It is a large and very peculiar lizard, which feeds on eggs; and though it is the only poisonous lizard in the world, it is not really dangerous.

The Museum, which is in the Library building, is small, so that only a part of its collections can be shown at one time. It is supported by the subscriptions of interested persons. Some of the exhibits were lent by the San Diego Museum of Natural History; the buildings of this institution were taken over by the Navy for a hospital, so that the exhibits had to be removed, much to the regret of the people of San Diego.

Father better start brushing up on his education. The kids soon will have homework again.

DAFFY—Danger! Women at Work! a wacky, daffy comedy of wartime Washington is "Get Going" with Grace McDonald, Robert Paige and Vera Vague, at the Palm Springs theater Saturday, Oct. 30.

Red Cross Camp and Hospital Group Asks Cooperation of Villagers in Providing Comforts for Day Rooms

Kenneth DuBose and Gordon Feelings, co-chairmen of the Palm Springs Branch of the Red Cross Camp and Hospital committee, this week issued an appeal to Villagers to notify them of any furniture suitable to day rooms at the army bases they may have which they will donate to the cause. The committee will see that the equipment is taken to the proper place.

The Red Cross committee is interested in providing comforts for these day rooms which are not included in army equipment. Chairs, tables, settees, rugs, drapes, anything to make the rooms more home-like are desired.

Each service club in the city has a committee to aid the Red Cross committee.

These will assist the Camp and Hospital committee in taking the donated equipment to the place it is needed most.

In the Know With the USO

By Gail Sollender

The locusts which descended upon the good people of the "Good Earth" had nothing on the avalanche of soldiers and girls which poured over and through the USO Club last weekend! We were bulging with field kitchens, suitcases, makeup kits, bathing suits, purses and bedding. Sun and Sand Caravan girls from Santa Monica, Riverside and Banning were madly stepping around each other trying to get the dust of the bus trip off and the powder of the glamour box on. The chow line formed to the left of the building and circled like a hungry snake clear around to the tennis court. 200 Cavalry men were responsible for the Saturday dinner and Sunday breakfast-lunch menu which included some delectable dishes. As soon as the "horsemen" departed, 200 engineers rolled in with another field kitchen and set up Sunday supper for the girls. The egg and potato salad mound went down like a Joe Louis challenger.

We were greeted Sunday morning by shivering men and shaking girls who had found the night air not without a cold and playful spirit. What with bicycling, swimming, tennis, dancing and the "blind date for church" to occupy their Sunday hours, all the lads and lassies were a pretty exhausted lot when they climbed aboard the army trucks and city buses to head for home.

NAVY DAY PARTY

On our minds at the moment is the Navy Day Party which is growing into quite a community affair. The meeting Wednesday morning with Mrs. Clema Granger, Mrs. Susie Jonas, Mrs. Frank Cutler, Mrs. Charles Matthews and Mrs. Harold Ostrander was prolific with ideas and all that remains now is the "work" of putting the final party together. The enthusiasm and interest exhibited in the meeting was a joy to behold!

Right on the heels of Navy Day is our "Harvest Moon Halloween Party" complete, we hope, with costumes, masks, pumpkins, apple bobbing, turkey shoots and witches dens, and a very special fortune teller who has a knack for being glib. It's going to be a riotous affair, so all you enlisted men and local girls save OCT. 30. Come prepared for fun and frolic! Any senior hostesses who would like to assist on the preparations and the actual evening program are cordially invited to contact us. We'll need all the help we can get with the out-of-town girls coming in and a possibility of a convoy.

FINE COLLECTION

Our shipment of classical recordings arrived and according to

Ted Reed, Widely Known Villager, Buys Simpson Shop

Ted Reed, for many years connected with Desmond's, in the Plaza, selling sport clothing and more recently military equipment and uniforms, has purchased the Clarence Simpson Radio Shop at 342 North Palm Canyon Drive, he announced this week.

The business will be known as Reed's Radio Shop and will feature expert radio service, radio rentals, sale of records and accessories and whatever radio equipment may be made available during these times. A department of vacuum cleaner repair will soon be installed, to assist the local housewife through the duration with her present equipment. Reed has for several years been at Desmond's in the Plaza where he was well identified with the sport wear, military equipment and uniform business. He is well known locally and to many winter guests.

Mr. Simpson disposed of his business here because of ill health.

Masonic Club to Launch New Year On Tuesday Noon

First meeting of the new season for the Masonic club of Palm Springs will be held next Tuesday noon, October 26, at the Desert Inn with an excellent program arranged by President Lloyd Simon.

The club will meet at the Desert Inn on the last Tuesday of each month during the season.

Excellent programs are planned for each meeting. At next Tuesday's initial meeting, Pvt. Leonard Pennario, noted concert pianist, now stationed at the air base here, will provide the program.

Cpl. Bill Willard, who should know, it's really a fine collection. So all you music lovers are urged to participate in any of the USO musical events. We'll be starting a weekly Music-Melody-Medley program very shortly and individual groups will always have access to the classical collection. The boys are now awaiting the records for our recorder machine so that they can start sending those sweet and sentimental messages across the country to their special heartbeats.

Frances Dodds is busy on the Pre-Natal Class which was very successful last week. It is open to all you wives of service men so don't hesitate to join up. Wish you could hear Pat Holderman's comments on her mother's persistent passion to worry over pregnant women.

The briskness of the air brings to mind lovely pictures of roaring fires, marshmallow roasts and popcorn parties, all of which will be part of the USO Wednesday night dances just as soon as the logs can be rolled out. That's it for now. Yours in USO.

Laughing at lost time won't help you double up on your work.

Gray Ladies Meet To Discuss Plans For Busy Winter

Mrs. Philip L. Boyd, chairman of the Palm Springs Hospital and Recreation Corps of the American Red Cross, called a meeting of Gray Ladies serving at Torney General Hospital, Thursday morning in the Recreation Building. The activities of this group were resumed several weeks ago and service is once more being given in the wards six days a week.

Corps members especially trained to carry on a program of recreation and friendly service for the Hospital patients, are preparing for a busy and helpful winter. Arrangements for assisting at a Halloween party were made along with a discussion of general plans for increasing and improving the service of the group.

Mrs. Boyd reported having visited the station hospitals at Sawtelle and Camp Callan, and Billings General Hospital this summer to observe the functioning of their Gray Ladies. In her estimation the local group is doing an excellent job here.

Members of the corps who have resumed their services are the Mesdames Francis Crocker, Merrill Crockett, Henry Greeley, H. L. Hansen, Charles Henderson, Colette K. Kellogg, Raymond Knowles, Harrison Leussler, Hortense Murray, C. C. Neel, Culver Nichols, Lloyd Simon, Henry Weinberger, Frederick Watson, Miss Gladys McClure and Mrs. Boyd.

B. B. Weatheralls Return to Village For New Season

The Rev. and Mrs. Bertram B. Weatherall have returned to Palm Springs for another season after a summer spent at their place in Pomona. They left here in July and returned last weekend.

While at Pomona they enjoyed a visit with their son, Lt. Neal Weatherall, army intelligence officer, now stationed at Alamogordo, N. M.

Another son, Lt. Duncan C. Weatherall, is with the army engineers and stationed in Hawaii.

The Desert Sun—5

Mr. and Mrs. O. S. McKinney Honored At Fortieth Anniversary Dinner

Mr. and Mrs. O. S. McKinney of McKinney's court on South Palm Canyon drive were honored guests last Sunday at a dinner honoring their 40th wedding anniversary at the home of their eldest son and daughter-in-law, Mr. and Mrs. Glenn McKinney at their beautiful new ranch home in the foothills north of San Fernando.

Glenn McKinney formerly owned and operated the Desert Forge on South Palm Canyon drive and his wife (Julia Richards) was a teacher in the local schools. They now have three small children so decided a small ranch was just the place to raise them.

The elder McKinneys spent the weekend at the San Fernando ranch and as Sunday was also the 39th birthday of Glenn, a double celebration was staged with 30 guests at the long table spread in the patio. Fried chicken, home made ice cream and a big anniversary cake, were the mainstays of the dinner.

Mr. and Mrs. O. S. McKinney have resided in Palm Springs since 1917 and three of their eight children were born in the Village. Only four of their children were able to be at the anniversary dinner, the host, Glenn, a daughter, Mrs. Theil Duncan of Banning, Lt. Ted Duncan, pilot in the Ferrying Command who had just two days before returned from a trip overseas, and Don, a freshman in the local high school.

The four unable to present were Eldon McKinney of Ban-

ning, Mrs. Carol Campbell, San Bernardino, Mrs. Barbara Moore, Jacksonville, Fla., and Ensign Willard McKinney, somewhere in the South Pacific.

Hillside HOME

Offering the Finest View in Palm Springs

Consists of three bedrooms, three baths, large living room with artistic fireplace, dining room, kitchen, service porch, and two-car garage.

House is practically new and is exceptionally well-built. Has latest type furnace heat, steel sash, and venetian blinds.

Lt. and Mrs. Dunn Visitors in Village

Lt. and Mrs. Howard Dunn of Solano Beach last week visited Mrs. Dunn's parents, Chief of Police and Mrs. Lyle J. Sanard.

They came up to enjoy a little desert sunshine as heavy fogs prevailed most of the summer at the beach.

When they returned home Monday, the chief said, they ran into a heavy rain storm.

Brock's Waffle Shop Is Open for Season

Brock's Waffle Shop opened this week with C. F. Blattner in charge and with many of the old staff back.

Completely redecorated and refinished, the shop proved highly popular with a large number of Villagers.

Artist Paul Grimm Opens Studio Here For Twelfth Season

Paul Grimm, famous desert artist, is reopening his studio at 122 North Palm Canyon drive for the twelfth season.

Nationally famous, Grimm's gallery has been the most popular cultural attraction in the Village for both winter residents and tourists. No other artist seems to have been able to portray the depth and charm of desert life as reached by Mr. Grimm.

A cordial welcome has always been extended to visitors to the studio where a large showing of both desert and mountain scenery is on display.

During the summer months, Mr. Grimm, accompanied by his wife and fox terrier dog "Chola," have visited most of California's beauty spots from the high Sierras to the Mexican border.

On their return to Palm Springs, the Grimms were saddened by news of the passing of Mr. Grimm's mother, Mrs. Olga Grimm, at Portland, Oregon, on October ninth.

The Grimms are at home at 526 Calle Palo Fierro.

CHRISTIAN SCIENCE LECTURE RADIOCAST

Local radio listeners may hear an authorized Christian Science lecture on Tuesday, October 26, at 8 p. m., when Paul A. Harsch, C. S. B., of Toledo, Ohio, a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., lectures over KFWB (980 kc) for Ninth Church of Christ, Scientist.

Mr. and Mrs. Earl E. Gibbs have returned to Palm Springs for the season, moving down this week from their ranch on the Banning bench, above Banning.

Chaplains to Take Over Pulpit at Community Church

Dr. J. R. Macartney of the Community Church left Wednesday of this week for Bellingham, Wash., where he will officiate at the 60th anniversary of the founding of the First Presbyterian church in that city.

In his absence Chaplains Walter Farris and George C. Pearce will conduct the services here for the next two Sundays.

Next Tuesday the Community Circle will officially start the season, meeting with Mrs. Macartney at the manse.

Before his departure for the north, Dr. Macartney announced that evening services would be resumed at the Community church on Nov. 7. Services will start at 7:30 o'clock.

The Tuesday afternoon Bible Study Group will also start its meetings for the season next week.

Mr. and Mrs. Gene Price have returned to the Village from Lake Arrowhead where they spent the summer months and have reopened their home at 1387 San Jacinto Way. Mr. Price is house manager for the Palm Springs theatre.

Robert Peterson's Mother Succumbs At Home in L. A.

Word was received in the Village early this week of the death of Mrs. Susan Edna Peterson, mother of Robert Peterson, city clerk on leave of absence to be with the U. S. Navy, at her Los Angeles home Sunday.

Last rites were said Tuesday morning.

Mr. Peterson came to the Village for a brief visit following the rites.

MORE ABOUT ... Rest Camp ...

James Millaway of the special service staff, told city officials that a drastic cut in the number of passes issued for Palm Springs would be made.

EFFECT IS NOTICED

The effect was felt last Saturday night, when for the first time in weeks restaurants and cafes were not virtually swamped with men. At the meeting two weeks ago it was pointed out that if the cut was too severe, the number allowed here would be increased. The consensus this week was that a few more than were here last weekend could be handled.

The situation will be watched and when the proper number of men who can be fed and accommodated here is found, passes will be limited to that number.

PLAN APPROVED

At Wednesday night's council meeting, council approved the plan and Mrs. Louise McCarn, city manager, was instructed to notify Maj. Gen. Wade A. Haislip of the DTC of the city's action.

The motion to back the plan was carried unanimously.

Mac Martin, president of the Edwin, Wasey and Company of Minneapolis, is spending a few days at the Desert Inn.

Fifty fighting planes can use up 300,000 rounds of small-arms ammunition in one minute. This is as much as 10,000 men in Napoleon's army would have used in a day's battle.

Hunting and Fishing Foursome Back Home

Philip L. Boyd, Roy Colegate, Harold Hicks and Elmo Purnell returned home this week from a week spent at Jordan Hot Springs, the camp of the Purnell brothers in the Sierras back of Bishop.

Hunting and fishing and hiking provided amusement for the foursome.

Change will help you to a better view of life—if you invest it in war bonds.

Thirteen Officers Given Promotion

Thirteen officers and eleven enlisted men were advanced in rank at the 21st Ferrying Group base here this week. Chief among the promotions is that of John R. Hamilton, commander of the 459th, who was advanced from captain to major. David Gray, Jr., of headquarters, was advanced to the rank of captain.

North Carolina makes 70 per cent of all cigarettes smoked in the United States.

"UNREAL REALITIES" IN THIS AMAZING AMERICA

KIDNAPPING BEARS

To safeguard visitors who feed National Park bears, rangers "kidnap" troublesome animals, carry them to a distant point, and turn them loose. Sometimes the bears beat the rangers back to the park.

WESTERN BUS JOB—MOVING TOTAL

POPULATION OF 6 STATES 3 TIMES A YEAR

The wartime job of buses in the West is dramatically shown by volume of passengers carried. In 1941 Pacific Greyhound Lines, operating in 6 states and a small part of Texas, carried 18 million passengers. In 1942, with few new buses, the number jumped 62% to 29 million, or over three times the population of the area served. 1943 is showing another great increase. Most passengers are military or other essential travelers. This demonstrates the need for public cooperation in helping the bus lines to carry on this vital service.

WATER WOULDN'T WORK

They tried twice to christen the famed U. S. S. Constitution with water, but "Old Ironsides" would not budge. Champagne was substituted and she slid smoothly down the ways.

Major Ransom in Denver Hospital Result of Injury

Word was received here last week that Major Robert Ransom, prominent local civic leader, realtor and manager of the Plaza, now with the United States army air forces and stationed at Rapid City, South Dakota, was at the Fitzsimmons General hospital in Denver as the result of an injury.

Major Ransom was stationed at Marana field, near Tucson, Ariz., for many months, where he held many responsible positions. He was recently transferred to the Rapid City base.

Full details of the injury have not been received.

Samuel F. Taylors Back for Season

Mr. and Mrs. Samuel F. Taylor have returned to the Village to re-open their home at 276 Palo Verde avenue and to spend another season in Palm Springs.

During the summer months they went to Pendleton, Ore., on a business trip and to visit Mrs. Taylor's mother and brother. On their return south they spent a month in Los Angeles.

From now on it will take 12 instead of 10 points to find out your grocer hasn't any creamery butter.

When the linoleum is particularly soiled, put a few drops of kerosene in the pail when washing it up.

Largest irrigation canal in the U. S. is the 82-mile All-American from the Colorado river.

Sealed-beam automobile headlamps now are being used for more than 30 different military applications.

Speaking of campaign speeches, we think the ace in the hole for all candidates next year will be a promise of two gallons in every tank.

Lt. Farrell May Make It This Week Is Hope Expressed

He didn't get here for the opening but he is expected this week. Lt. Charles Farrell, of the Palm Springs Racquet club, now with the navy air base at Alameda, hoped to be here when the exclusive club opened for the season last weekend but couldn't make it. The Racquet club opened the season last Saturday with many notables present for the occasion.

IF YOU FIND RATION BOOK, DROP IT IN MAIL

Finders of lost ration books may drop them in the mail hereafter without repaying postage or enclosing them in envelopes, the office of price administration announced yesterday.

Under arrangement with the post office department, a lost book will be delivered to the persons whose name and address appear on the cover, on payment of a five-cent postage-due charge. Books will be forwarded to the nearest local rationing board when the addressee cannot be found.

Thermoplastics are plastics that can be shaped or molded under heat and pressure as often as desired; thermosetting plastics yield to heat and pressure the first time but acquire a permanent set.

Boy Scout Pow-Wow And Camporee at Redlands This Week

The twenty-second annual Fall Pow Wow and Camporee of the Riverside County and Redlands Council, Boy Scouts of America, will be held this Saturday and Sunday, October 23-24, at the Redlands high school athletic field. The public is invited to attend this big program which is a field demonstration of Scouting activities.

COMMANDO COURSE

The field events will be held on the athletic field from 10 to 12 a. m., and 1:00 to 5:00 p. m. One of the popular events will be going over the 225-yard Commando course which is used for pre-Ranger training. Other events will include signaling, first aid, fire-making, wall scaling, etc. The big campfire program, originally scheduled for Redlands Bowl, will be held at Sylvan Park amphitheatre, 7:30 p. m., Saturday evening. Scouts will camp overnight in Sylvan Park.

The Sunday morning program will include church, archery, horseshoes and marksmanship. Trophies will be presented to winners.

EXECUTIVE BOARD MEET

Hugo Guenther, of Murrieta Hot Springs, president of the Riverside County and Redlands Council, Boy Scouts of America, today announced a meeting of the Executive Board at 7:30 p. m. Nov. 1, at Scout headquarters, 3887 7th St., Riverside. Major business will be War Chest campaign plans and the naming of important committees. Scouting is a War Chest agency.

Mr. and Mrs. Illick Lease Nilon Home

Mr. and Mrs. Walter Illick have leased the Dorothy Nilon home at 950 Indian Trail and will make their home there for the season.

Mr. Illick is chairman of the local Salvage committee and has been busy the past few days lining up the local end of a new scrap campaign just started.

W. L. Cooke Opens His Florist Shop

W. L. Cooke has reopened the Palm Springs Florist shop at 894 North Palm Canyon drive for his third season in the Village.

An attractive display marked the opening.

Officers' Mess Five Clings to Lead in Air Base Circuit

Maintaining its record of no defeats, the Officers' Mess quint continued to top the air base keggers after the second week of play with a record of eight straight points won. The leaders are being paced by Sgt. Bob Sohr, who leads in individual averages with a 170.

Feature of the second night of bowling was the 234 scored by Pfc. Jack Smith of the Post Engineers. Cpl. Henry Lorgier rolled high series, scoring 199-204-163 for a total of 566.

The Officers' Mess 4-0 victory was scored at the expense of the Cooks. In the other games the 72nd squadron was pulled down a bit from its original standing by the Headquarters five which held them even and the Post Engineers took three points from the Pin Busters.

The standing:

Teams	W.	L.	Pct.
Officers' Mess	8	0	1.000
72nd Squadron	5	3	.600
Headquarters	4	4	.500
Pin Busters	3	5	.300
Post Engineers	3	5	.300
Cooks	1	7	.125

Story of Chinese Culture Is Told At Forum Lecture

Beautiful moving and still pictures of Chinese life, pictures which have been described by noted travelers and the National Geographic society as the best of their kind, featured an interesting and entertaining talk by Herbert Clarence White at the Frances S. Stevens school last night when he presented the second lecture in the current public forum series sponsored by the Palm Springs high school board.

Mr. White, who lived in China for years and was a publisher there and for a time official photographer for Chang Kai Shek, told an interesting story of China, revealing little known facts about the Chinese, their philosophy, their cultural greatness, their leadership in many fields.

FIRST DEMOCRACY

He termed China one of the world's first and most steadfast democracies, and said opportunity was as great in China, where ambition and brains rated first, as in America.

His theme was "Wake Up, America", and he declared that to go along in this world, Americans must know the other nations. He said that if Americans had not adopted a smug attitude toward China and the Orient, there would never have been a Pearl Harbor attack.

SECOND IN SERIES

His lecture was the second in a series on "Critical Spots in a Warring World."

Mr. White also spoke at Torrey General hospital yesterday afternoon.

Mr. White also spoke at Torrey General hospital yesterday afternoon.

WILD AND WOOLLY

A stiff wind and a driving rain made the Monday afternoon and evening ride an exciting adventure.

At the Morongo ranch Paul and Lienau now have 79 head, some of which are now ready for market and will be shipped out soon. They plan to keep about 50 head there regularly.

To keep food from spoiling her dresses, Queen Victoria used a full figure table napkin, which draped from her chin to her shoe tops.

Desert Inn Pool Filled to Capacity On First Sunday

First Sunday of the season found the Desert Inn swimming pool filled to capacity with an impromptu aquatic exhibition adding to the enjoyment of the day.

Besides the many swimmers from the hotel there were a number of swimming stars from Los Angeles who showed their prowess in diving to the delight of the guests.

Those participating were Bill Shaw, former southern California diving champion; Miss Virginia Hunt, junior national sprint champion, and winner of second place in Pacific coast diving competition; Dick Hays, diving champion of the Los Angeles metropolitan area; Jean Bennett, U. S. C. aquatic star; and Bill Barbus, former high school swimming champion.

Golf Driving Range Is Opened This Week

Under the management of John Wood, the Indian avenue Golf Driving Range was opened this week for its seventh season and excellent patronage was noted from the start.

Mr. Wood said that lessons would be available on Saturdays and Sundays only for a while.

Dick Taylor Will Teach Swimming At Racquet Club

Dick Taylor, who operates the El Rey hotel here and who was formerly recreation director for Palm Springs, has been engaged to give swimming lessons, by appointment, at the Racquet Club, it was announced this week.

Taylor is a swimmer of much renown, a fact little known to most Villagers. He holds many records but his most unique is that of towing, while swimming, the most dories with people in them. He once towed Morley Drury, famous U. S. C. quarterback, and another man, three miles in the water off Long Beach setting a record for the distance and another time towed seven boats, each with two men in them, one mile.

Before he came to Palm Springs, he taught swimming to many celebrities. He was a member of the eight-man relay team which pioneered the Catalina channel swim and at that time, during a storm, was lost in the churned channel for more than an hour.

Mrs. Alice Guthrie Returns to Village

Mrs. Alice Guthrie returned to her home here at 650 Via Miraleste this week after a summer spent in Los Angeles. She was at St. Vincent hospital there for more than two months.

Her daughter, Phyllis, wife of Lt. William Shinner, USN, has gone to Massachusetts, where her husband is stationed.

Mr. and Mrs. John L. Easton, of 374 West Vereda del Sur, have returned to Palm Springs for another season after spending the summer months at Bellingham, Washington.

Equestrians To Be Barred From Paved Streets, Decision

An amendment to city ordinance No. 74, regulating use of city streets, was submitted to city council Wednesday, to prohibit horse-back riding on certain paved thoroughfares. The amendment, introduced by Councilman Eugene Therieau, is designed to protect the streets from undue damage.

In connection with the amendment, Councilman C. P. Adams called attention to the ordinance prohibiting "running on the rim" by autoists whose tires go flat. He said that he had noted many cars operating along Ramon road and Indian avenue, without four tires. One, in particular, he said, went through town with two tires off.

County Infantile Paralysis Group Prepares Campaign

Mrs. C. D. Hauerman of Banning was elected chairman of the Riverside county chapter of the National Foundation for Infantile Paralysis at the annual meeting of the group held in the court house in Riverside one day last week.

Other officers include Mrs. Earl Bennett, Arlington, vice-chairman; Postmaster Joseph H. Allen, Riverside, secretary-treasurer; Dr. Warren F. Fox, county health officer, Riverside, medical advisor.

ON BOARD

Other members of the executive board will be Mrs. Stewart Phillips and Mrs. Ida Rogers, Riverside, and Mrs. E. E. Irwin, Corona.

The speaker at the meeting was Miss Ruth Williams, executive secretary of the western states. There were but 2090 cases of the disease reported in the entire United States in 1942, she said. Although there have been 1500 cases in California during the past nine months, Riverside has been extremely fortunate. Miss Williams said, as this county had less cases than any other county of comparable population in the state. A few cases have been brought into the county following acute attacks and the Riverside county chapter has assisted in paying a share of the Kenny treatment in all cases reported.

USED LOCALLY

Fifty per cent of the funds raised in Riverside county's last March of Dimes has been transferred to the national foundation and is being used where needed in California counties which have been hit hard by new cases of the disease this year.

Mrs. Charles Burket is chairman of the Marc hof Dimes in Palm Springs.

WAC Commander Is Transferred East

First Lt. Theodora Smith, commanding officer of the first WAC contingent to come to Palm Springs, being stationed at the air base, has been ordered to Washington, D. C.

Her permanent successor here has not yet been named.

Western Air Adds 1300 Miles to Its Aerial Network

Palm Springs will soon be hooked up with 1300 more miles of airline according to word from the Western Air Lines offices in Los Angeles.

The company, which will soon inaugurate service in Palm Springs, this week announced the purchase of the Inland Air Lines which operates from Denver to Great Falls and from Cheyenne to Huron, South Dakota. The larger cities in Montana, Wyoming, Colorado and South Dakota are served by the route.

Recently Western Air Lines, the oldest name in air transportation history, was awarded a Los Angeles to San Francisco flight, augmenting its route mileage by 336 miles and a route linking El Centro, Palm Springs and San Bernardino, adding 293 miles.

Village Boy Scout Group Approves Office Nominations

Nominations recently made by the nominating committee of the Palm Springs Boy Scout district council at the initial meeting of the year were approved when 16 members of the council met Tuesday night at the judicial chambers.

Paul G. Summers is district chairman; Raymond Cree, vice-chairman; Paul McGuire, district commissioner, and Harry Hanbury, emergency service commissioner. On the area council executive board were approved Paul Summers, Harold Lienau, and Lt. Col. E. T. Thompson.

Binney Morris, scoutmaster, and Albert C. Taucher, assistant, and Orest Johnson, cubmaster, were present and addressed the group.

Doughnut Shop Is Re-Opened Under New Management

Next week is National Doughnut week and to celebrate the event, the Doughnut Shop at 314 North Palm Canyon drive will be all painted up and redecorated.

The Doughnut Shop is re-opening under new management and has been undergoing extensive changes in the past few days.

Joe Sandoval is the new manager and he will be assisted by Emma Herndon.

Army Officer Weds At Community Church

Wedding bells rang out at the Community Church last Saturday night at eight o'clock when Lt. Robert Ostlund of Palm Springs and Mary Bell Wilson of Missouri, were married by Dr. John R. Macartney, pastor of the church.

Attending the young couple were Mr. and Mrs. Lawrence Eschbach.

A large group of military friends as well as a number of civilian friends, were guests.

MORE ABOUT . . .

Navy Day Party . . .

ing to be on hand to make the boys feel at home, and 40 USO Junior Hostesses, Ferry Command girls, and local damsels will be their special dinner and dancing partners. Cpl. Bill Willard, affable M. C., is arranging featured entertainment for the dance which will be held on the tennis court, and the Ferry Command orchestra, under Pvt. Dick Thurman, is preparing special "nautical tunes." A decorating committee of soldiers is even ready to turn the USO into quite an "aye, aye, sir" spot, so it looks from here as though the carpet of welcome is going to be thick.

ALL URGED TO JOIN

Any navy people who have not been reached and would like to assist the committee women in preparing the food, or in contributing a dollar toward the party, are urged to contact the USO at 6024 or call any of the following ladies: Mrs. Clema Granger, Mrs. Susie Jonas, Mrs. Frank Cutler, Mrs. Charles Matthews, and Mrs. J. Marvin Ostrander.

With the kind of enthusiasm and interest shown by the above group of women, it seems that "Ahoy, Sailor" is on the lips of Palm Springs!

Mrs. Belyea and Son Visit Village

Mrs. Marie Belyea, former well-known Villager, and her son, Robert, now in the U. S. Navy and attending Cal-Tech where he is taking a special course, are visitors in Palm Springs for a week.

They are staying at Harlow Haven.

Brothers, Sons of Villagers, Stage Reunion in Hawaii

S. M. Sullivan, employed by the Palm Springs Water company, and Mrs. Sullivan this week received pictures of their two sons, Arbin H. and J. T., taken when they met in Hawaii recently.

Arbin Sullivan has been in the Hawaiians for the past year and J. T. Sullivan, who is in the U. S. Navy, was there briefly recently. They posed for the photographs received by their parents.

Both boys are well known here. Mr. Sullivan has been with the Palm Springs Water company for twelve years.

Robert L. Williams In Midshipman's School in Indiana

Robert Leonard Williams, son of Mrs. Ida L. Williams, 314 North Indian avenue, has entered the U. S. Naval Reserve Midshipmen's school located on the campus of Notre Dame University at South Bend, Indiana.

After taking one month of indoctrination he will be appointed a midshipman and upon successful completion of his approximately three-month course, he will be commissioned an ensign in the U. S. Naval Reserve. The school is under the command of Captain H. P. Burnett, USN.

Robert E. McDaniel Home on Furlough

Robert Edison McDaniel was in Palm Springs on a 13-day furlough, recuperating from an attack of pneumonia which kept him confined to an army hospital for seven weeks. He was glad to be back in Palm Springs, his mother said, and enjoyed his visit here.

When he left for camp he was fully recovered and able for duty.

One Job Well Done Begets Another

THERE'S no satisfaction in all the world like the feeling of having done a job well—of being able to see the results of your work. This is one thing that all producers of useful things have in common.

And those of us whose job is production—whether of goods on farms and in factories, or of services in stores and banks and utilities—can best see the results of our work in the high standard of living which we have helped to create in America. For this standard is built on our ability to produce more per person than any other nation on earth. And the people of every country, who are looking hopefully to us for food and weapons, can count on America because it has this great productive might.

After the war is over? Many people are talking about a richer life for all of us then. And they're right! For that richer life will be brought about, not by promises, but by hard work on the part of America's producers. And they—those who grow and make and do things—can do this post-war job better if they work together and understand each other. General Electric Co., Schenectady, N. Y.

GENERAL ELECTRIC

21st FERRYING GROUP NEWS NOTES

Ferrying Division, Air Transport Command, Army Air Field, Palm Springs, California

By S-Sgt. George Goodale

IT COULD HAPPEN THERE

We are one of those restless souls that some time or another has tarried in Dallas, Texas. Undoubtedly there are many others of you on this field who have done the same thing, so we feel that there will be interest in this little item that we are dishing out.

It's one of those things that could only happen in Dallas, or Hollywood, or cities greatly like or extremely unlike those two towns, such as Terra Haute, Paducah or Granite City, Ill.

FROM RELIABLE SOURCE

We have it from a reliable source, however, the Flying V of the Fifth Ferrying Group.

It has to do with a curious O. D. Now those guys are the type that can be curious enough in just ambling around and performing their routine duties. But when they feel particularly mentally ambidextrous and let their questions run the gamut from A to Z, instead of the usual A to B, they can be an irritating sort.

HE'D CHANGE

At Dallas this particular O. D. had come upon a guard and had put him through his "information please" routine. Finally the O. D. thought of a lulu. Turning to the guard, he said:

"Private, what would you do if you saw a Japanese battleship steaming across Love Field at you?"

"Why sir," the private replied, without winking an eye, "I believe I'd change my brand of liquor."

ELECT MASCOTS

We had a meeting of great importance on this field this week, despite the fact that it was held sub rosa with great commando finesse. As a matter of fact it had to be in true commando style because it was the Hollywood Commandos who were in session.

Their business, we learned from their press-agent's handout, was to elect two mascots, which only required several seconds because they agreed just that quickly on the two.

So it is with pleasure we present their choices—Sgt. Clarence Claypool and Cpl. Eddie Fillman, of general mess, and members of the 1st Palladium Rangers.

RETURNS ON VISIT

M-Sgt. Sidney E. Homan—we can call him Sidney because he isn't here—visited the field the other day. "Hap," as is he rightfully known, was one of the grander guys of this Post. His friends that could get around to him and knew he was here gave him a party, which was attended by S-Sgts. Bill Bloodworth, Ar-

thur Podway, Mark Smith and Sgts. Warren Zanutto and Ed Eliason.

PROP WASH

There are several versions of the sprained arm that Sgt. Bob Felger's been carrying around in a sling. We haven't been able to verify any of them yet . . . Cpl. Moe Fierstein went to his home in Chicago on a furlough and wound up by spending most of it in a G. I. hospital with an illness . . . In order to prevent any derogatory remarks about the picture "Sweet Rosie O'Grady" that plays at the Post theater Sunday night, T-Sgt. Francis O'Grady, the Irish bantam of general mess, hasn't anything to do with it. You'll get Betty Grable—and that isn't G. I.—with Robert Young and Adolph Menjou . . . Cpl. Vincent Whelton, who often pounds a typewriter for Twenty-One, is back from furlough . . . Lonnie Suto is back on the field, too, after learning to fly an airplane at Phoenix. She logged up 36 solo hours . . . Sgt. Gloria Bowie and Pfc. Alma Baumeister Wacs, Trocadero-ed in Hollywood over the weekend . . . S-Sgt. Bill Bloodworth found Long Beach, or what's in it, attractive. . . S-Sgt. Jimmy Perkin's wife used to work for the guy that gives Jack Benny his radio jobs. . . Our Wacs are hardy citizens. Physical training teachers for years have yelled and bellowed about exercising before you eat, and let at least an hour elapse after eating before you workout. Yet they do their morning physical immediately after breakfast.

WACS IN MOVIES

Speaking of Wacs, they're getting into the movies again. "All-Out Arlene," H. I. Phillips' novel on the Wacs, will be made into a flicker by 20th Century-Fox studio.

TIME OUT TO GLOAT

We picked six winners as against four losers in the football prophecies last week. This week it's Lt. Bob Maxwell's time in his column, "Time Out," to try on ten games.

Teams who bore out our contention were March Field over San Diego Navy, Purdue over Ohio State, Duke over North Carolina, Tulsa over Oklahoma, Notre Dame over Wisconsin (but who couldn't pick that one) and Navy over Penn State.

We missed the boat when College of Pacific beat Del Monte, Cornell beat Holy Cross, Northwestern beat Great Lakes and Texas Aggies whipped Texas Christian.

MEN MAIDS AND STUFF

The Wac woovers changed seats this week when Wendell Stolley was Cpl. Della Hodson's escort. 1st Sgt. William Weist and Cpl. Margaret Barisich were noticeable. S-Sgt. Mark Smith, T-Sgt. Alex Weinpur and Sgt. Bob "Brick" Moran crowded Cpl. Rosemary "Stuffy" Stoffregen. Pfc. Alma Baumeister strayed off the home lot and had two foreign dates, an MP from up the line and a tanker fellow from out Palm Village way.

BELIEVE IT OR NOT

Believe it or not, but it's true. We know a Wac who went to sleep and woke up so late to attend and afternoon formation that she had to put her uniform on over her pajamas and roll up the pajama legs in order to make it.

THINKS OF EVERYTHING

Under the heading of "thoughtful women we'd like to know" falls the wife of a Camp Stewart, Ga., corporal. He received a fancily baked cake from her and enclosed with it was a large box of indigestion tablets.

INADEQUATE RATIONS

According to Dr. Thomas G. Parran, surgeon general of the United States Public Health service, during the years 1920-1941, more than 40 per cent of our population was on inadequate rations.

Harold W. Barkow Now Displays Two Stripes on Sleeve

It's Corporal Harold W. Barkow now—and has been for a few weeks.

Word was received here that the business manager of The Desert Sun, now on leave of absence to serve with the army, had recently been promoted. He is stationed at Fort MacArthur.

His wife, Marcelle, who went to San Pedro early in the summer to be near her husband, will remain there while Cpl. Barkow is in the army.

She has a responsible position with the San Pedro office of the Automobile Club of Southern California.

Negro Soldiers Entertained by New USO Branch

Miss Aquilla E. Matthews, USO Mobile Service Negro representative, who was recently added to the Sun and Sand Caravan staff in Palm Springs, was largely responsible for the success of two parties held this past weekend. Since August, Miss Matthews has been coordinating USO workers with the desert program, with the purpose of producing co-ed recreation for Negro soldiers who are stationed at desert Army camps.

Over one hundred Sun and Sand Caravan girls from Pasadena and Watts were the guests of soldiers from Camp Young for a weekend party at the USO Club in Coachella.

27-PIECE BAND

Music for the evening of dancing was furnished by the 27-piece 369th Infantry band of the 93rd Division, Camp Young. The weekend program consisted of dancing, swimming, and a talent hour with numbers contributed by soldiers and the girls. Senior hostesses who accompanied the girls were Miss Frieta Shaw and Mrs. Rhoda Harris, staff members from USO Club in Watts and Pasadena, respectively; Madames E. Perry, M. Randolph, E. Smith, Miss Jackson and Miss Myles.

Arrangements for the party were made by Miss Aquilla E. Matthews, Sun and Sand Caravan of the USO Mobile Service, with Lt. Smith and Sgts. Long and Murphy from Camp Young; Miss Frieta Shaw, Watts; Mrs. Rhoda Harris, Pasadena; B. A. Burkard, USO Club in Indio; Pat Fahey, USO Club in Coachella.

FOR YUMA SOLDIERS

A second weekend party honored soldiers at the Yuma Air Base, with junior hostesses from San Diego. Dancing, swimming, talent hour and religious services were activities of the weekend. Sunday was highlighted by the dedication of a new recreation hall for Negro troops, the only building of its kind in the Desert Combat Area.

The military personnel, including Major Levenberg, Lt. Ritter and Sgts. Maxwell, Bray, Mitchell and Peak made all arrangements for a delightful, pleasant and comfortable weekend for the San Diego girls. Contacts for the party were made by Miss Aquilla E. Matthews with Major Levenberg, Yuma Army Air Base; Mrs. Marjorie Greene and Mr. Payne of the San Diego USO Club.

The daily cost to France of German occupation would build 2,500 modern workmen's homes.

Donald Pendery, son of Mr. and Mrs. Horace Pendery, who is now in the U. S. Navy and taking a special course at Cal-Tech, is expected in the Village this Friday to spend a week's leave with his parents and to visit old friends here.

The daily cost to France of German occupation would build 2,500 modern workmen's homes.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
By S-Sgt. Russel H. Genich

THE LIONS ROAR

They're making themselves heard this week; all over town their growl comes to \$1.10 a head.

Well, not exactly a growl or a roar either. These are Lions of another breed.

These Palm Springs business and professional men, members of the local Lions' club, have gone all-out as sponsors of the Torney "Army Wonder Show" playing at the Plaza Theater tonight and tomorrow (Saturday). The receipts from this benefit show will provide a much needed recreation and morale fund for the patients and enlisted personnel at the hospital. The local Lions are right in the front line to "put over" this show of shows.

ONE OF OUTSTANDING

Cpl. Lee Grabel, headliner of this G. I. mystic production, is rated one of the country's outstanding youthful magic makers. He has gathered about him a small company of seasoned and capable accomplices who will cavort with him throughout this G. I. extravaganza.

The great 21st Ferrying Group Band is providing the musical backdrop for this unique Army production.

Local theatre-goers who purchased ducats for the show are in for a memorable evening's entertainment.

GET 'EM EARLY

It is expected that just a small number of pasteboards will be available at show time, so get yours early and don't say we did not tell you!

Advance ticket sales indicate that it will be a case of S. R. O. for both evenings.

The show promises to be one of the top offerings for Palm Springs theatregoers this season.

UP THE LADDER

The Torney success story added another chapter this week as a trio of Hospital officers received notice of promotion.

Topping the list is Captain Kathryn Ruhan, Principal Chief Nurse, who is sporting the shiny gold leaf. Major Ruhan was one of the first officers to arrive at T. G. H. early last year, and was instrumental in helping to lay the foundation for the fine hospital we have today.

1st Lts. John B. Barr and Paul B. Hertz exchanged the single silver bar for the more important silver twins this past week.

Capt. Barr serves Torney as director of the Personnel Division. Capt. Hertz sports several assignments: Assistant Director of the Supply and Service Division, Post Signal Officer, and Salvage and Reclamation Officer.

Since reporting to Torney, Captain Barr has served as Assistant Medical Supply Officer, Medical Supply Officer, and more recently as Director of Personnel Division.

Capt. Hertz has served Torney longer than any other Quartermaster at this Post. He reported here in June of last year when T. G. H. was little more than a mass of indefinite plans for expansion. Capt. Hertz has served as Transportation Officer, Ord-

Donald Pendery to Come Home on Leave

Donald Pendery, son of Mr. and Mrs. Horace Pendery, who is now in the U. S. Navy and taking a special course at Cal-Tech, is expected in the Village this Friday to spend a week's leave with his parents and to visit old friends here.

Bruno Leonesio Back from Pacific War Zone on Leave

Bruno Leonesio, aviation electrician, third class, U. S. N., and Mrs. Leonesio, were in Palm Springs this week visiting Fire Chief Bill Leonesio and family.

Since leaving Palm Springs to join the navy, Bruno Leonesio has been all over the South Pacific war theater. He arrived last weekend and will report back for duty this weekend.

Mrs. Leonesio is living at San Diego while he is in the service. On their way to the Village, they stopped at Riverside to visit Mrs. Leonesio's parents.

Bradstreet Millers Return to Village

Mr. and Mrs. Bradstreet Miller have returned to their home here at 1095 Paseo de Anza after a summer spent at Lake Arrowhead and Long Beach.

Their daughter, Barbara, is now attending Stanford University.

Lease on Council Building Renewed

On motion of Councilman Frank W. Cutler, council Wednesday night voted to renew its lease on the present council chambers and court room at 482 North Palm Canyon drive.

The property is owned by Louis Gaudiello.

California Taxes Might High, Check By Taxpayers Shows

California taxes are up in the high brackets for states in the Union according to some research work done by United Taxpayers of California of which Warren B. Pinney, former owner and manager of the El Mirador Hotel, now the Torney General Hospital at Palm Springs, is chairman of finance committee and member of the board of governors.

Comparative state collections of four states in 1942 showed California with the next to the smallest population had the largest per capita and the largest total amount of taxes. The states with population, total tax and per capita tax follow:

California, population 6,907,387, total tax, \$429,959,083, per capita, \$62.24; Illinois, population, 7,897,241, total tax, 333,298,018, per capita \$42.20; Pennsylvania, population, 9,900,180, total tax, \$398,060,448, per capita, \$40.20; Texas, population, 6,414,824, total tax, \$170,681,979, per capita, \$26.60.

Southland Cities Lag in War Fats Collection

Lagging production of household fats in most southern California cities was offset by a sensational gain in San Diego to bring September's contribution to the nation's ammunition supply fractionally above the August figure.

Nearly doubling its previous score, San Diego jumped from 36,404 pounds in August to 62,754 pounds in September, Zack J. Farmer, WPB general salvage chief said today.

For the most part, however, other heavily populated areas fell off in production, the War Production Board monthly tally revealed.

Only 11 Southland communities equalled their quota, as against 28 on that honor list for August. Arcadia and Vista were new names added to the honor scroll.

Many Dinner and Luncheon Parties Feature Inn Week

A number of luncheon and dinner parties were given the past week at the Desert Inn.

Among them was a birthday luncheon given for Mrs. William Brown. The party consisted of Mr. and Mrs. Robert McCulloch, Mrs. Hugh McCulloch and Mrs. Egmont Pohl, all from Redlands.

Mrs. Miles Scull of the 21st Ferrying Group entertained Monday with a luncheon for Mrs. R. N. Garrett of El Dorado, Ark. The guests were Mrs. Richard Morgan, Mrs. G. F. Robert and Mrs. R. N. Garrett, Jr.

Mr. and Mrs. Harold Bell Wright were among those entertaining friends at dinner.

Mrs. James Fleming of San Bernardino entertained her brother, Walter D. Wagner and nephew, W. Gene Wagner of San Francisco at luncheon Monday.

George Mannington Now at Waco, Texas

Word was received in the Village this week that George Mannington, former principal of Nellie N. Coffman Junior high who recently went into the army, is now stationed near Waco, Texas.

Mrs. Mannington is now making her home in Waco.

Trace of Rain Is Registered Here In General Storm

Palm Springs received only a trace of rain Monday in the first general storm to sweep southern California this season. The clouds kept the maximum temperature here to 78.

Although there was little rain here Monday, the total for the season is higher than most other southland points due to two early fall storms which registered 1.80 inches on local gauges.

DeArman Takes Over Kitchen Direction

Cecil DeArman, co-owner of the Village Sandwich shop, has taken over personal supervision of the preparation of food at the popular cafe at 231 North Palm Canyon drive.

Mr. DeArman's reputation as a chef is of the highest in southern California.

MORE ABOUT . . .

Dr. Polyzoides . . .

umnist of note, is professor of international relations and journalism at the University of Southern California. He has an extensive background of travel and service in European countries which fits him ideally for his role of interpreter of current world affairs.

NATIVE OF GREECE

Born in Athens, Greece, Dr. Polyzoides studied law in the National University of Athens, taking up journalism while still a student (in 1902) and becoming the youngest managing editor of the University daily in 1906. He came to the United States in 1908 and became editor of the Greek Daily Atlantis, a position he held up to 1933, when he resigned to devote himself exclusively to the study of world affairs. During World War I he was correspondent for the New York Times and the London Central News Agency, covering the Salonika front, Greece and the Near East. He has been a citizen of the United States for over a quarter of a century.

Polyzoides came to California in 1931 and again in 1934 to speak before the institute of World Affairs. He joined the S. C. faculty in 1935. Since then he has delivered more than 2500 addresses along the Pacific Coast and the Southwest from California to British Columbia and has made more than 500 radio commentaries on world affairs over a Pacific Coast network.

SPEAKS MANY LANGUAGES

Dr. Polyzoides is an accomplished linguist, speaking French, German, Italian, Spanish, Russian, and Balkan languages in addition to his native Greek and English.

Many authorities regard Dr. Polyzoides as being one of the best informed persons in the United States on the Mediterranean area of Europe.

LAUNCH CAMPAIGN—While WAVES in background look on, T. V. Adams, Recruiter in Charge of Navy Recruiting in Riverside County, Sheriff Carl F. Rayburn and Ralph W. Stanfield, Chairman of Board of Supervisors, take in a preview of trophies to be given in WAVE recruiting drive. Rear Admiral I. C. Johnson, Director of Naval Officer Procurement for 11th Naval District (extreme left) urged civic-minded citizens to encourage WAVE enlistments.

Recruiting Drive For Waves Starts Throughout County

In an effort to enlist more women in the Waves, eight Southern California counties are engaged in a contest to see which can recruit the most Waves between now and December 7, the anniversary of Pearl Harbor.

Rear-Admiral I. C. Johnson, director of Naval Officer Procurement for the Eleventh Naval district, was in Riverside Tuesday to meet with civic leaders and explain the mechanics of the contest. The meeting was attended by Mayor F. V. Shannon as representative of Palm Springs.

At the conclusion of the campaign, Admiral Johnson will present the winning county with a handsome victory trophy. The county with the smallest number of recruits will receive a "real gold brick" which in Navy parlance symbolizes the laggard.

LOCAL QUOTA IS 4

Would-be recruits should apply at the Navy Recruiting Station in the post office in Riverside for information regarding pay, training and many advantages offered.

County Hospital Will Administer Emergency Maternity and Infant Care to Servicemen's Families

The Emergency Maternity and Infant Care program which in Riverside County will be administered by the County Health Department, Court House, Riverside, went into operation October 11, 1943, according to a statement released by Dr. Warren F. Fox, County Health Officer.

This program is designed by the Federal Government working through the California State Department of Public Health to assist the wives of the enlisted men of the 4th, 5th, 6th and 7th grades of the Army, Navy, Marine Corps and Coast Guard, who are eligible under the program for medical and hospital maternity care without cost to the family. Similarly, any infant under one year whose father is a service man in these grades is entitled to medical and hospital care for serious illness. The program permits medical care through pregnancy and the post-partum period as well as at delivery.

In Palm Springs, a pre-natal clinic for army wives was recently inaugurated and is being conducted weekly at the USO hospital house on Tamarisk road.

"The doctors in California assisting in this program," said Dr. Fox, "are rendering a distinct service as the fees set by the U. S. Childrens Bureau are lower than the amounts usually charged."

Dr. Wilton L. Halverson, Director of the State Department of Public Health recently stated, "The care is provided as a right, not charity, to wives and infants of service men in low paid brackets," Dr. Halverson declared. "The purpose of the program is to protect the health of wives and babies of service men by providing adequate medical care and so relieve men in the armed forces of the part of the worry for the welfare of their families."

The hospitals and doctors of Riverside County have been notified of the program and the general procedure which they will be asked to follow.

"Briefly," stated the Doctor, "eligible applicants complete an application form which may be secured through the American Red Cross, the County Welfare Bureau, the County Health Department, the district Public Health Nurses, which agencies will assist in its proper prepara-

by the women's branch of the Navy. The quota for Riverside county is 33.

Quota of Palm Springs in the campaign has been set at four.

T. W. Adams, recruiter in charge at Riverside, will be in Palm Springs next week to address the Masonic club on Tuesday, the Rotarians on Wednesday and the Lions on Thursday, all meeting at noon at the Desert Inn.

INFORMATION BOOTH

He will speak before the Woman's club the following Monday afternoon.

An information booth will be established at the Welwood Murray Memorial library.

Chairman Ralph Stanfield of the board of supervisors presided at the meeting Tuesday and presented Admiral Johnson who sounded this call for more naval enlistments in the county:

"If our nation is to continue its winning attack on the enemy—women must help by volunteering their services in the Waves. Waves are performing duties of great value to the United States at war and thousands more are needed to release shore-trained bluejackets for combat duty at sea."

Admiral Johnson introduced Lt. Com. L. D. Blanchard. The salute to the flag was led by Supervisor Robert Dillon of Cherry Valley.

Colonial House Opening Dance Is Enjoyed by Throng

With many Villagers in the throng and many notables from outside, the Colonial House dining room was opened for the season last Saturday night at a brilliant dinner party.

Since then the dining room has been packed each night with throngs enjoying the hospitality of the house.

Harold Maundrell, manager, says the hotel is operating in mid-season form and that the nightly scene is reminiscent of the season at its best.

Dancing to the Ruby-Whitman dance ensemble in the enlarged dining room is proving highly popular and the songs by Connie Barleau, radio and screen singing star, are delighting the throngs.

MORE ABOUT . . .

War Chest . . .

Mrs. James B. Oliver, and Henry Weinberger.

An enthusiastic meeting of the entire general committee was held Wednesday at headquarters. William Fleming, secretary of the county War Chest, addressed the group, outlining details of the campaign. Every committeeman was present and all displayed an eagerness to put the campaign across successfully.

Of the \$25,000 to be raised here \$16,400 is for strictly local use. Those to receive aid from the War Chest are the Dugout, operated by the American Legion, the Desert Animal Shelter, Welfare and Friendly Aid association, Salvation Army and Boy Scouts. The remaining \$8600 is for national use. Funds for operation of the local USO come from this fund and other funds go to the various war relief agencies.

Object of the War Chest drive locally and nationally, is to combine all of these war relief drives into one and there will be no other fund campaigns save the Christmas seal campaign, the March of Dimes and the annual Red Cross roll call in the spring.

The first American Declaration of Independence was signed at Charlotte, N. C., in 1775.

What You Buy With WAR BONDS

Para-Ski Troopers

When will this war end? Nobody knows, so the Army is continuing its training of Para-Ski Troopers. They're parachute troops who know their way about on skis or any other place in snow covered mountainous country.

A great measure of the success of Russia's victories last winter is attributed to these troops who move with the silence of a snowflake. Our work on the home front is not so hazardous as that of the Para-Ski Troopers but it is important that we perform our daily tasks and make every effort to increase our regular purchase of War Bonds.

This Side of the Sun

working women recently and found that two-thirds of the girls between 20 and 35 on wartime jobs, plan to continue to work after the war . . . A woman's body, says a statistician is 35 per cent muscle, a man's 41 per cent. Read that to my wife the other day as proof that men were still the sterner sex. "That's just brawn," said she. "What does it say about brain?" . . . A husband tells me his wife is just the smartest. When the Fuller Brush man called the other day, she not only got away without buying anything but sold him the old can-opener.

ANOTHER WEEK—And now comes National Doughnut week—and it will be observed by honoring the cruller. Webster's dictionary says the cruller is the one with the hole in it, a doughnut is unperfected . . . Many people have asked me why, if they need scrap metal so badly, they don't take that tower on the north side of Highway 99 west of Banning, the site of an abandoned service station. Walter Illick, local salvage chief, says the metal is too heavily galvanized to be of any use . . . Have you noticed that those two stark chimneys on the site of the night spot, north of town, destroyed by fire last year, are gone? For months they were the sole reminder of the hot spot that got too hot.

SOCKS VS. CANDY—Mrs. F. J. Smithwick last week had to choose between warm woolen socks and candy to keep the Christmas box for her boy, now a prisoner in a Nazi internment camp, down to weight. She asked the advice of three local soldiers: "Which would you rather have, warm socks or candy?" One said socks, two, candy. But she sent the socks. She thought the Nazis might grab the candy . . . Ever since that Village quartet went into the High Sierras for a bit of hunting last week they are calling Councilman Phil Boyd, a member of the party, "Daniel Boone" Boyd. They say he did some excellent scouting about camp.

PUBLICITY—That was quite a write-up Palm Springs got in Fred Beck's Farmer's Market column in the L. A. Times Thursday. . . . After commenting on the distinctive Palm Springs attire and way of life, he asks: "Why do rational human beings change character the minute they become Palm Springsers, even for a day?" . . . The upshot of the column was to advertise peanuts, treating them like beans . . . He should have asked me. I've been enjoying peanut omelets—my own invention, for some time. They're good.

One Bid Received For Garbage Sale

Only one bid was received for the purchase of the city's garbage when council met Wednesday night. The offer was submitted by J. J. Roberts and contained alternative proposals.

Council accepted the bid subject to a study by Ray M. Sorum, director of public works, who will decide which of the two proposals is the most suitable to the city.

too, despite Mrs. G's terse verdict: "Gruesome!"

WRITE THE BOY—Don't forget those cheerful letters to the boy in uniform. The OWI reports that the soldier reads his mail before he eats. "They like letters best that tell them how the family is getting along economically, what is being done about the war effort, whose marrying who, how the home team is doing and how the war is affecting Main street," says the OWI. But when you do this, don't whine about the economic conditions or the lack of enough coupons to buy more than you need . . . He's over there taking it—you can take it at home.

IN CLOSING—Said John Erskine: "Music is the only language in which you cannot say a mean or sarcastic thing." But there are plenty of mean and sarcastic things said about some of the modern music.
